NetApp Healthcare to Showcase Solutions to Streamline, Simplify, and Speed Access to Critical Data at HIMSS18

Attendees to enjoy hands-on demonstrations of NetApp's new enterprise-scale hyper converged infrastructure and a solution that delivers real-time, high-resolution graphics to any mobile device

SUNNYVALE, Calif., Feb. 27, 2018 (GLOBE NEWSWIRE) -- **(HIMSS18 booth #6432)** [NetApp](#) (NASDAQ:NTAP), driving digital transformation of the healthcare industry, today offers [HIMSS18](#) attendees an opportunity to see firsthand how healthcare organizations can streamline, simplify, and speed access to critical data. The conference will be held from March 5 to 9 at the Venetian-Palazzo-Sands Expo Center in Las Vegas.

This year at HIMSS, attendees are invited to:

- i **Simplify, scale, and save (booth #6432).** Boost efficiency, reduce cost, and free resources with [NetApp® HCI](#). Enjoy a demonstration of NetApp's new enterprise-scale hyper converged infrastructure solution.
- i **Empower caregivers with real-time access to high-resolution clinical graphics (booth #6432).** Learn how to view, collaborate on, and share data from graphics-intensive applications (for example, interactive 3D PACS) in real time from almost any device, from any location, without sacrificing performance.
- i **Use the cloud to achieve better outcomes, cost efficiency, and higher satisfaction (booth #1625).** On Thursday, March 8, at 10:30 a.m., Todd Rogow, senior vice president and CIO of Healthix, will discuss why using cloud services is a key component of the Healthix model. A NetApp customer, Healthix is the largest public health information exchange (HIE) in the United States. It reconciles data from 68 million provider medical record numbers and payer member numbers to create composite profiles for the more than 24 million patients who rely on the HIE daily.
- i **Meet NetApp healthcare technical and business experts (booth #6432).** Schedule a personalized VIP meeting to discuss topics of your choice. Topics can include how to streamline access to critical data, accelerate clinical application performance, and integrate cloud data services for improved collaboration and care.
- i **Get happy!** Join our social hour (booth #6432) on Wednesday, March 7, from 4:30 to 6:00 p.m.
