Dear NetApp Stockholder:

NetApp, Inc., a Delaware corporation, will be holding our Annual Meeting of Stockholders on September 2, 2008, at 3:00 p.m., local time. The meeting will be held at our company headquarters located at 495 East Java Drive, Sunnyvale, California, 94089. At the meeting, you will be asked to consider and vote upon the following proposals:

1. To elect the following individuals to serve as members of the Board of the Directors for the ensuing year or until their respective successors are duly elected and qualified: Daniel J. Warmenhoven, Donald T. Valentine, Jeffrey R. Allen, Carol A. Bartz, Alan L. Earhart, Thomas Georgens, Edward Kozel, Mark Leslie, Nicholas G. Moore, George T. Shaheen, and Robert T. Wall;
2. To approve an amendment to the 1999 Stock Option Plan (1999 Plan) to allow the Company to grant equity awards to the Company's nonemployee directors under all equity programs under the 1999 Plan;
3. To approve an amendment to our 1999 Plan to increase the share reserve by an additional 6,600,000 shares of common stock;
4. To approve an amendment to our Employee Stock Purchase Plan (Purchase Plan) to increase the share reserve under the Purchase Plan by an additional 2,900,000 shares of common stock;
5. To ratify the appointment of Deloitte & Touche LLP as our independent auditors of the Company for the fiscal year ending April 24, 2009.

After careful consideration, our Board of Directors has unanimously approved the proposals and recommends that you vote FOR each of the proposals. Details of the proposals and business to be conducted at the meeting can be found in the enclosed Proxy Statement. Of particular importance is the request to increase the share reserve under our 1999 Plan in Proposal No. 3 by 6,600,000 shares of common stock. In order to achieve our long-term strategic goals, it is crucial to hire additional qualified employees. We request your support in amending the 1999 Plan in order to drive future growth and development of NetApp by attracting and retaining high-quality candidates. We strongly believe that the amendments to the 1999 Plan are essential for us to compete for talent in the highly competitive labor markets in which we operate. Stock grants also remain an important incentive to retaining and motivating key employees who we view as our most valuable assets. Your support of these proposals is key to our success and allows us to plan for additional growth in fiscal 2009 and beyond. Thank you for your consideration and support.

Pursuant to new rules promulgated by the Securities and Exchange Commission ("SEC"), we have elected to provide access to our proxy materials over the Internet. Accordingly, the Company will mail, on or about July 21, 2008, a Notice of Internet Availability of Proxy Materials to its stockholders of record and beneficial owners at the close of business on July 9, 2008. On the date of mailing of the Notice of Internet Availability of Proxy Materials, all stockholders and beneficial owners will have the ability to access all of the proxy materials on a Web site referred to in the Notice of Internet Availability of Proxy Materials. These proxy materials will be available free of charge.

The Notice of Internet Availability of Proxy Materials will identify the Web site where the proxy materials will be made available; the date, time and location of the Annual Meeting; the matters to be acted upon at the meeting and the Board of Directors' recommendation with regard to each matter; a toll-free telephone number, an e-mail address, and a Web site where stockholders can request a paper or e-mail copy of the Proxy Statement, our Annual Report to stockholders and a form of proxy relating to the Annual Meeting; information on how to access the form of proxy; and information on how to obtain directions to attend the meeting and vote in person.

PROXY STATEMENT

FOR THE ANNUAL MEETING OF STOCKHOLDERS OF NETAPP, INC. To Be Held September 2, 2008

General

This Proxy Statement is furnished in connection with the solicitation by the Board of Directors (“Board” or “Board of Directors”) of the Company, of proxies to be voted at the Annual Meeting of Stockholders (“Annual Meeting”) to be held on September 2, 2008, or at any adjournment or postponement thereof, for the purposes set forth in the accompanying Notice of Annual Meeting of Stockholders. Stockholders of record on July 9, 2008 will be entitled to vote at the Annual Meeting. The Annual Meeting will be held at 3:00 p.m., local time at the Company’s headquarters, 495 East Java Drive, Sunnyvale, California 94089.

In accordance with rules and regulations adopted by the Securities and Exchange Commission (the “SEC”), instead of mailing a printed copy of our proxy materials to each stockholder of record, we are now furnishing proxy materials to our stockholders on the Internet. If you received a Notice of Internet Availability of Proxy Materials by mail, you will not receive a printed copy of the proxy materials. Instead, the Notice of Internet Availability of Proxy Materials will instruct you as to how you may access and review all of the important information contained in the proxy materials. The Notice of Internet Availability of Proxy Materials also instructs you as to how you may submit your proxy on the Internet. If you received a Notice of Internet Availability of Proxy Materials by mail and would like to receive a printed copy of our proxy materials you should follow the instructions for requesting such materials included in the Notice of Internet Availability of Proxy Materials.

It is anticipated that the Notice of Internet Availability of Proxy Materials will be available to stockholders on or about July 21, 2008.

Record Date and Shares Outstanding

The close of business on July 9, 2008 was the record date for stockholders entitled to vote at the Annual Meeting and any adjournments or postponements thereof. At the record date, the Company had approximately 326,876,886 shares of its common stock outstanding and entitled to vote at the Annual Meeting and approximately 1,058 registered stockholders. No shares of the Company’s preferred stock were outstanding. Each holder of common stock is entitled to one vote for each share of common stock held by such stockholder on July 9, 2008.

Abstentions and Broker Nonvotes

While there is no definitive statutory or case law authority in Delaware as to the proper treatment of abstentions, the Company believes that abstentions should be counted for purposes of determining both (1) the presence or absence of a quorum for the transaction of business and (2) the total number of shares entitled to vote in person or by proxy at the Annual Meeting (Votes Cast) with respect to a proposal. In the absence of controlling precedent to the contrary, the Company intends to treat abstentions in this manner. Accordingly, with the exception of the proposal for the election of directors, abstentions will have the same effect as a vote against the proposal. Because directors are elected by a plurality vote, abstentions in the election of directors have no impact on the election of directors once a quorum exists.

Broker nonvotes (that is, votes from shares held of record by brokers as to which the beneficial owners have given no voting instructions) will be counted for purposes of determining the presence or absence of a quorum for the transaction of business, but will not be counted for purposes of determining the number of Votes Cast with respect to the particular proposal on which the broker has expressly not voted. Accordingly, broker nonvotes will not affect the outcome of the voting on a proposal that requires a majority of the Votes Cast (such as the approval of an amendment to an option plan). Thus, a broker nonvote will make a quorum more readily attainable, but the broker nonvote will not otherwise affect the outcome of the vote on a proposal.

[Table of Contents](#)

If your shares are held in street name and you do not instruct your broker on how to vote your shares, your brokerage firm, at its discretion, may either leave your shares unvoted or vote your shares on routine matters. The election of directors (Proposal No. 1) and the proposal to ratify the appointment of our independent registered public accounting firm for the current fiscal year (Proposal No. 5) should be treated as routine matters. To the extent your brokerage firm votes your shares on your behalf on these two proposals, your shares also will be counted as present for the purpose of determining a quorum. The proposals to approve Proposal Nos. 2, 3, and 4 are not considered routine matters and, consequently, without your voting instructions, your brokerage firm cannot vote your shares.

Methods of Voting

Stockholders may vote by proxy. The Company is offering stockholders of record four methods of voting: (1) you may vote by telephone; (2) you may vote over the Internet; (3) you may vote in person at the Annual Meeting; and (4) finally, you may request a proxy card from us and indicate your vote by completing, signing and dating the card where indicated and by mailing or otherwise returning the card in the enclosed prepaid envelope. Each stockholder is entitled to one vote on all matters presented at the Annual Meeting for each share of common stock held by such stockholder. Stockholders do not have the right to cumulate their votes for the election of directors.

If a proxy card is voted by telephone or Internet or signed and returned by mail, without choices specified, in the absence of contrary instructions, subject to the limitations described in Rule 14a-4(d)(1) under the Securities Exchange Act of 1934, as amended ("Exchange Act"), the shares of common stock represented by such proxy will be voted FOR Proposal Nos. 1, 2, 3, 4, and 5 and will be voted in the proxy holders' discretion as to other matters that may properly come before the Annual Meeting.

Votes Required for Proposals

For Proposal No. 1, the 11 director nominees receiving the highest number of affirmative votes will be elected. Approval of each of Proposal Nos. 2, 3, 4, and 5 requires the affirmative vote of a majority of the number of Votes Cast. Votes will be tabulated by a representative of Broadridge Financial Solutions, Inc., the independent inspector of elections appointed for the meeting, who will separately tabulate affirmative and negative votes, abstentions and broker nonvotes. Voting results will be published in the Company's Quarterly Report on Form 10-Q for the second fiscal quarter of 2009, which will be filed with the SEC.

Revocability of Proxies

Any stockholder giving a proxy has the power to revoke it at any time before its exercise. You may revoke or change your proxy by filing with the Secretary of the Company an instrument of revocation or a duly executed proxy bearing a later date or by attending the Annual Meeting and voting in person.

Quorum Requirement

A majority of the shares of common stock issued and outstanding and entitled to vote, in person or by proxy, constitutes a quorum for the transaction of business at the Annual Meeting.

Solicitation of Proxies

The Company will bear the cost of soliciting proxies. Copies of solicitation material will be made available upon request to brokerage houses, fiduciaries, and custodians holding shares in their names that are beneficially owned by others to forward to such beneficial owners. The Company may reimburse such persons for their costs of forwarding the solicitation material to such beneficial owners. The original solicitation of proxies may be supplemented by solicitation by telephone, electronic communication, or other means by directors, officers, employees, or agents of the Company. No additional compensation will be paid to these individuals for any such services. The Company may retain a proxy solicitor to assist in the solicitation of proxies, for which the Company will pay an estimated fee of \$10,000 plus reimbursement of expenses.

Annual Report

The Notice of Annual Meeting, this Proxy Statement and the Annual Report of the Company for the fiscal year ended April 25, 2008 have been made available to all stockholders entitled to vote at the Annual Meeting. The Annual Report is not incorporated into this Proxy Statement and is not considered proxy-soliciting material. The Annual Report is posted at the following Web site address: <http://investors.netapp.com/>

Stockholder Proposals

The Company's stockholders may submit proposals that they believe should be voted upon at the Company's 2009 Annual Meeting of Stockholders. Stockholders may also recommend candidates for election to our Board of Directors for such Annual Meeting (See "Corporate Governance and Nominating/Corporate Governance Committee").

Pursuant to Rule 14a-8 under the Exchange Act and subject to the requirements of our bylaws, stockholder proposals may be included in our 2009 proxy statement. Any such stockholder proposals must be submitted in writing to the attention of the Corporate Secretary, NetApp, Inc., 495 East Java Drive, Sunnyvale, California 94089, no later than March 24, 2009, which is the date 120 calendar days prior to the anniversary of the mailing date of the proxy statement for the fiscal 2008 Annual Meeting.

Alternatively, under the Company's bylaws, a proposal that a stockholder does not seek to include in the Company's proxy materials for the 2009 Annual Meeting (whether or not it relates to nominations to the Company's Board of Directors) must be received by the Corporate Secretary (at the address specified in the immediately preceding paragraph) not less than 120 calendar days prior to the date of the 2009 Annual Meeting. The stockholder's submission must include the information specified in the bylaws.

Stockholders interested in submitting such a proposal are advised to contact knowledgeable legal counsel with regard to the detailed requirements of applicable securities laws.

If a stockholder gives notice of a proposal or a nomination after the applicable deadline specified above, the notice will not be considered timely, and the stockholder will not be permitted to present the proposal or the nomination to the stockholders for a vote at the meeting.

PROPOSAL NO. 1:

ELECTION OF DIRECTORS

At the Annual Meeting, 11 directors constituting the entire Board are to be elected to serve until the next Annual Meeting of Stockholders or until successors for such directors are elected and qualified, or until the death, resignation or removal of such directors. It is intended that the proxies will be voted for the 11 nominees named below for election to the Company's Board unless authority to vote for any such nominee is withheld. There are 11 nominees, each of whom is currently a director of the Company. All of the current directors except for Mr. Georgens were elected to the Board by the stockholders at the last Annual Meeting. Mr. Georgens was appointed by the Board to be a member of the Board on March 10, 2008. The Nominating/Corporate Governance Committee recommended Mr. Georgens, and the inclusion of Mr. Georgens in this Proxy Statement was approved at a meeting of the Board. Each person nominated for election has agreed to serve if elected, and the Board has no reason to believe that any nominee will be unavailable or will decline to serve. In the event, however, that any nominee is unable or declines to serve as a director at the time of the Annual Meeting, the proxies will be voted for any nominee who is designated by the current Board to fill the vacancy. Unless otherwise instructed, the proxy holders will vote the proxies received by them for the nominees named below. The 11 nominees receiving the highest number of affirmative votes of the shares entitled to vote at the Annual Meeting will be elected directors of the Company. The proxies solicited by this Proxy Statement may not be voted for more than 11 nominees.

PROPOSAL NO. 2

AMENDMENT TO THE COMPANY'S 1999 STOCK OPTION PLAN

The Company is asking its stockholders to approve an amendment to the 1999 Stock Option Plan ("1999 Plan") so that it can grant equity awards to the Company's nonemployee directors under all equity programs under the 1999 Plan. The Board has approved this amendment to the 1999 Plan, subject to approval from our stockholders at the Annual Meeting. Approval of the amendment to the 1999 Plan requires the affirmative vote of a majority of the Votes Cast. Our nonemployee directors have an interest in this proposal. Please note that this proposal is separate and distinct from Proposal No. 3 relating to the approval of additional shares of common stock to be reserved for issuance under the 1999 Plan. Accordingly, a vote for this proposal will not affect your vote for or against Proposal No. 3, and how you vote on Proposal No. 3 will not affect your vote for or against this proposal.

Summary

The 1999 Plan is divided into five separate equity programs: (1) the Discretionary Option Grant Program, (2) the Stock Appreciation Rights Program, (3) the Stock Issuance Program, (4) the Performance Share and Performance Unit Program, and (5) the Automatic Option Grant Program.

The Company's employees, consultants, and other independent advisors are eligible to participate in the Discretionary Option Grant Program, the Stock Appreciation Rights Program, the Stock Issuance Program, and the Performance Share and Performance Unit Program. Currently under the 1999 Plan, the Company's nonemployee directors only receive stock options through the Automatic Option Grant Program. The terms and conditions of the stock options are fixed and are granted on predetermined dates, subject to a director continuing to provide services to us through the applicable grant date. Because the Company is limited in how it can compensate its nonemployee directors, and nonemployee board of director compensation is changing given the increased responsibilities placed on directors in the last few years due to overall market conditions, the Company's ability to attract and retain the most highly qualified nonemployee directors may be compromised. Through the proposed amendments to the 1999 Plan, we hope to have sufficient flexibility to structure the equity component of director compensation so that we are able to quickly react to changing market conditions in director compensation to allow us to attract and retain highly qualified individuals to serve on the Board.

We are asking our stockholders to approve an amendment to the 1999 Plan so that the Company's nonemployee directors are eligible to participate in all programs under the 1999 Plan. The Company may then

make discretionary grants to its nonemployee directors to compensate them for responsibilities such as committee service or chairmanship. If our stockholders do not approve this proposal, the Company's nonemployee directors will only receive stock options through the Automatic Option Grant Program. While the Company will continue to make grants under the Automatic Option Grant Program, the Company believes strongly that the participation of the nonemployee director in the entire 1999 Plan is essential in light of the increased responsibilities of nonemployee directors over the last few years, which has resulted in the need to adjust and enhance their compensation.

Description of the 1999 Plan

The following paragraphs provide a summary of the principal features of the 1999 Plan and its operation, including a description of the amendment to the 1999 Plan if stockholders approve Proposal No. 2 of this Proxy Statement. The 1999 Plan is set forth in its entirety and has been filed as Appendix A to this Proxy Statement with the SEC. The following summary is qualified in its entirety by reference to the complete text of the 1999 Plan. Any stockholder who wants to obtain a copy of the actual plan document may do so by written request to the Corporate Secretary at the Company's principal offices in Sunnyvale, California.

Background and Purpose of the 1999 Plan

The 1999 Plan is divided into five separate equity programs:

1. *Discretionary Option Grant Program* — Under the Discretionary Option Grant Program, the Plan Administrator is able to grant options to purchase shares of Company common stock ("Shares") at an exercise price not less than the fair market value of those Shares on the grant date.
2. *Stock Appreciation Rights Program* — Under the Stock Appreciation Rights Program, the Plan Administrator is able to grant stock appreciation rights that will allow individuals to receive the appreciation in the Shares subject to the award between the date of grant and the exercise date.
3. *Stock Issuance Program* — Under the Stock Issuance Program, the Plan Administrator is able to make direct issuances of Shares either through the issuance (or promise to issue) or immediate purchase of such Shares or as a bonus for services rendered by participants on such terms as the Plan Administrator deems appropriate.
4. *Performance Share and Performance Unit Program* — Under the Performance Share and Performance Unit Program, the Plan Administrator is able to grant performance shares and performance units, which are awards that will result in a payment to a participant only if the performance goals or other vesting criteria established by the Plan Administrator are achieved or the awards otherwise vest.
5. *Automatic Option Grant Program* — Under the Automatic Option Grant Program, option grants are automatically made at periodic intervals to nonemployee directors.

The 1999 Plan is intended to increase incentives and to encourage Share ownership on the part of eligible employees, nonemployee directors and consultants who provide significant services to the Company and its affiliates.

Administration of the 1999 Plan

The Compensation Committee of the Board of Directors ("Compensation Committee") administers the 1999 Plan ("Plan Administrator"). The members of the Compensation Committee qualify as nonemployee directors under Rule 16b-3 of the Exchange Act of 1934, as amended, and as outside directors under Section 162(m) of the Internal Revenue Code ("Code") such that the Company can receive a federal tax deduction for certain compensation paid under the 1999 Plan.

Subject to the terms of the 1999 Plan, the Plan Administrator has the sole discretion to select the employees, consultants and other independent advisors who will receive awards, determine the terms and conditions of awards (for example, the exercise price and vesting schedule), and interpret the provisions of the 1999 Plan and outstanding awards, provided, however, that the Company is unable (without the approval of stockholders) to reprice any outstanding stock options granted under the 1999 Plan or cancel any outstanding stock option and immediately replace it with a new stock option with a lower exercise price. Administration of the Automatic Option Grant

Program will be self-executing in accordance with the terms of the program and the Plan Administrator will not have any discretionary functions with respect to option grants made under the program. The Compensation Committee may delegate any part of its authority and powers under the 1999 Plan to one or more directors and/or officers of the Company, but only the Compensation Committee itself can make awards to participants who are executive officers of the Company.

If our stockholders approve this proposal, our nonemployee directors will be eligible to receive awards pursuant to all equity programs under the 1999 Plan. If this proposal is not approved, our nonemployee directors will only be able to participate in the Automatic Option Grant Program.

Shares Subject to the 1999 Plan

A total of 94,500,000 Shares has been reserved for issuance under the 1999 Plan. As of May 23, 2008, 54,931,193 Shares were subject to outstanding awards granted under the 1999 Plan, 14,054,642 Shares remained available for any new awards to be granted in the future and 25,514,165 Shares have been issued pursuant to awards thereunder. These numbers do not reflect the request for additional Shares set forth in Proposal No. 3.

If an award expires or is cancelled without having been fully exercised or vested, the unvested or cancelled Shares generally will be returned to the available pool of Shares reserved for issuance under the 1999 Plan. Also, in the event any change is made to our common stock issuable under the 1999 Plan by reason of any stock split, stock dividend, combination of shares, merger, reorganization, consolidation, recapitalization, exchange of shares, or other change in capitalization of the Company affecting the common stock as a class without the Company's receipt of consideration, appropriate adjustments will be made to (1) the maximum number and/or class of securities issuable under the 1999 Plan, (2) the maximum number and/or class of securities for which any one individual may be granted stock options, stock appreciation rights, stock issuances, or performance shares and performance units under the 1999 Plan per calendar year, (3) the class and/or number of securities and the purchase price per share in effect under each outstanding award, and (4) the class and/or number of securities for which automatic option grants are to be subsequently made under the Automatic Option Grant Program. The Plan Administrator will make adjustments to outstanding awards to prevent the dilution or enlargement of benefits intended to be provided thereunder.

Discretionary Option Grant Program

A stock option is the right to acquire Shares at a fixed exercise price for a fixed period of time. Under the Discretionary Option Grant Program, the Plan Administrator may grant nonstatutory stock options and/or incentive stock options (which entitle employees, but not the Company, to more favorable tax treatment). The Plan Administrator will determine the number of Shares covered by each option, but during any calendar year, no participant may be granted options and/or stock appreciation rights covering more than 3,000,000 Shares.

The exercise price of each option is set by the Plan Administrator but cannot be less than 100% of the fair market value of the Shares covered by the option on the date of grant. The exercise price of an incentive stock option must be at least 110% of fair market value if on the grant date the participant owns stock possessing more than 10% of the total combined voting power of all classes of stock of the Company or any of its subsidiaries.

An option granted under the Discretionary Option Grant Program cannot be exercised until it becomes vested. The Plan Administrator establishes the vesting schedule of each option at the time of grant. Options become exercisable at the times and on the terms established by the Plan Administrator. To the extent the aggregate fair market value of the Shares (determined on the grant date) covered by incentive stock options first becomes exercisable by any participant during any calendar year is greater than \$100,000, the excess above \$100,000 will be treated as a nonstatutory stock option. Options granted under the 1999 Plan expire at the times established by the Plan Administrator, but not later than seven (7) years after the grant date.

Stock Appreciation Rights Program

A stock appreciation right is the right to receive the appreciation in fair market value of the Shares subject to the award between the exercise date and the date of grant. We can pay the appreciation in either cash or Shares. Stock appreciation rights will become exercisable at the times and on the terms established by the Plan Administrator, subject to the terms of the 1999 Plan. No participant will be granted stock appreciation rights and/or options covering more than 3,000,000 Shares during any calendar year. The exercise price of each stock appreciation right is

set by the Plan Administrator but cannot be less than 100% of the fair market value of the Shares covered by the award on the date of grant. A stock appreciation right granted under the 1999 Plan cannot be exercised until it becomes vested. The Plan Administrator establishes the vesting schedule of each stock appreciation right at the time of grant. Stock appreciation rights granted under the 1999 Plan expire at the times established by the Plan Administrator, but not later than seven years after the grant date.

Stock Issuance Program

Stock issuances are awards where Shares are or will be issued to a participant and the participant's right to retain or receive such Shares will vest in accordance with the terms and conditions established by the Plan Administrator. The number of Shares covered by a stock issuance award will be determined by the Plan Administrator, but during any calendar year no participant may be granted an award covering more than 200,000 Shares. Also, assuming approval of Proposal No. 3, no more than 30% of the sum of (1) the number of Shares added to the 1999 Plan at the 2008 Annual Meeting; (2) the number of Shares available to be granted pursuant to awards under the 1999 Plan (that is, reserved but unissued) as of May 23, 2008; and (3) the number of Shares subject to outstanding awards as of May 23, 2008, that actually return to the 1999 Plan upon the repurchase or reacquisition of unvested Shares or that were subject to awards that terminated without any Shares actually having been issued pursuant thereto may be issued pursuant to awards under the Stock Issuance and Performance Share and Performance Unit Programs. In determining whether a stock issuance should be made and/or the vesting schedule for any such award, the Plan Administrator may impose whatever conditions to vesting as it determines to be appropriate. For example, the Plan Administrator may determine to make a stock issuance only if the participant satisfies performance goals established by the Plan Administrator.

Performance Share and Performance Unit Program

Performance shares and performance units are awards that will result in a payment to a participant only if the performance goals or other vesting criteria established by the Plan Administrator are achieved or the awards otherwise vest. The Plan Administrator will establish organizational, individual performance goals or other vesting criteria at its discretion, which, depending on the extent to which they are met, will determine the number and/or the value of performance units and performance shares to be paid to participants. No participant will receive performance units with an initial value greater than \$2,000,000 and no participant will receive more than 200,000 performance shares during any calendar year. Performance units will have an initial dollar value established by the Plan Administrator prior to the grant date. Performance shares will have an initial value equal to the fair market value of a Share on the grant date. Also, assuming approval of Proposal No. 3, no more than 30% of the sum of (1) the number of Shares added to the 1999 Plan at the 2008 Annual Meeting, (2) the number of Shares available to be granted pursuant to awards under the 1999 Plan (that is, reserved but unissued) as of May 23, 2008, and (3) the number of Shares subject to outstanding awards as of May 23, 2008 that actually return to the 1999 Plan upon the repurchase or reacquisition of unvested Shares or that were subject to awards that terminated without any Shares actually having been issued pursuant thereto, may be issued pursuant to awards under the Stock Issuance and Performance Share and Performance Unit Programs.

Performance Goals

The Plan Administrator (at its discretion) may make performance goals applicable to a participant with respect to an award intended to qualify as "performance-based compensation" under Code Section 162(m). At the Plan Administrator's discretion, one or more of the following performance goals will apply: annual revenue, cash position, earnings per share, individual objectives, net income, operating cash flow, operating income, return on assets, return on equity, return on sales and total stockholder return. The Plan Administrator may utilize other performance criteria for awards not intended to qualify as "performance-based compensation" under Code Section 162(m).

Automatic Option Grant Program

Under the 1999 Plan, our nonemployee directors will receive annual, automatic, nondiscretionary grants of nonstatutory stock options. If stockholders approve this proposal, nonemployee directors will also be eligible to receive discretionary awards pursuant to the other equity programs under the 1999 Plan.

Each new nonemployee director receives an option to purchase 55,000 Shares as of the date he or she first becomes a nonemployee director. Each nonemployee director also receives an option to purchase 20,000 Shares on

[Table of Contents](#)

the date of each annual stockholder meeting, provided that he or she has been a nonemployee director for at least six months prior to the grant date and remains an eligible nonemployee director through each such meeting.

The exercise price of each option granted to a nonemployee director is equal to 100% of the fair market value of the Shares covered by the option on the date of grant. The option granted to a nonemployee director when he or she first becomes a nonemployee director vests over four years, with 25,000 Shares vesting on the first anniversary of the date of grant and 10,000 Shares vesting on each anniversary thereafter (assuming that he or she remains a nonemployee director on each scheduled vesting date). An option granted under the Automatic Option Grant Program is immediately exercisable. However, any Shares purchased under the option program are subject to repurchase by the Company if the nonemployee director ceases Board service prior to vesting. All options granted thereafter to the nonemployee director become 100% vested on the day preceding the Annual Stockholders Meeting following the grant date. If a nonemployee director terminates his or her service on the Board due to death or disability his or her options would immediately vest.

Options granted to nonemployee directors generally expire no later than seven years after the date of grant. If a nonemployee director terminates his or her service on the Board prior to an option's normal expiration date, the option will remain exercisable for 12 months to the extent it has vested. However, the option may not be exercised later than the original expiration date.

Awards to be Granted to Certain Individuals and Groups

The number of awards that an employee, nonemployee director, or consultant, may receive under the 1999 Plan is at the discretion of the Plan Administrator and therefore cannot be determined in advance. The following table sets forth (1) the aggregate number of Shares subject to options granted under the 1999 Plan during the last fiscal year, (2) the average per Share exercise price of such options, (3) the aggregate number of Shares subject to awards of restricted stock units granted under the 1999 Plan during the last fiscal year, and (4) the dollar value of such Shares based on \$23.77 per Share, the fair market value on May 23, 2008.

* The table does not represent equity awards granted under the Company's 1995 Stock Incentive Plan. Please see pages 32-36. for greater detail on the equity awards that have been granted to the Company's executive officers and directors.

Limited Transferability of Awards

Awards granted under the 1999 Plan generally may not be sold, transferred, pledged, assigned, or otherwise alienated or hypothecated, other than by will or by the applicable laws of descent and distribution. However, participants may, in a manner specified by the Plan Administrator, transfer nonstatutory stock options (1) to a member of the participant's family, (2) to a trust or other entity for the sole benefit of the participant and/or a member of his or her family, (3) to a former spouse pursuant to a domestic relations order.

Federal Tax Aspects

The following paragraphs are a summary of the general federal income tax consequences to U.S. taxpayers and the Company of awards granted under the 1999 Plan. Tax consequences for any particular individual may be different.

Nonstatutory Stock Options

No taxable income is reportable when a nonstatutory stock option is granted to a participant. Upon exercise, the participant will recognize ordinary income in an amount equal to the excess of the fair market value (on the exercise date) of the Shares purchased over the exercise price of the option. Any taxable income recognized in connection with an option exercise by an employee of the Company is subject to tax withholding by the Company. Any additional gain or loss recognized upon any later disposition of the shares would be capital gain or loss.

As a result of Section 409A of the Code and the Treasury regulations promulgated thereunder ("Section 409A"), nonstatutory stock options granted with an exercise price below the fair market value of the underlying stock or with a deferral feature may be taxable to the recipient in the year of vesting in an amount equal to the difference between the then fair market value of the underlying stock and the exercise price of such awards and may be subject to an additional 20% tax plus penalties and interest. In addition, certain states, such as California, have adopted similar tax provisions.

Incentive Stock Options

No taxable income is reportable when an incentive stock option is granted or exercised (except for purposes of the alternative minimum tax, in which case taxation is the same as for nonstatutory stock options). If the participant exercises the option and then later sells or otherwise disposes of the Shares more than two years after the grant date and more than one year after the exercise date, the difference between the sale price and the exercise price will be taxed as capital gain or loss. If the participant exercises the option and then later sells or otherwise disposes of the Shares before the end of the two-year or one-year holding periods described above, he or she generally will have ordinary income at the time of the sale equal to the fair market value of the Shares on the exercise date (or the sale price, if less) minus the exercise price of the option.

Stock Appreciation Rights

No taxable income is reportable when a stock appreciation right is granted to a participant. Upon exercise, the participant will recognize ordinary income in an amount equal to the amount of cash received and the fair market value of any shares received. Any additional gain or loss recognized upon any later disposition of the shares would be capital gain or loss.

As a result of Section 409A of the Code, however, stock appreciation rights granted with an exercise price below the fair market value of the underlying stock or with a deferral feature may be taxable to the recipient in the year of vesting in an amount equal to the difference between the then fair market value of the underlying stock and the exercise price of such options and may be subject to an additional 20% tax plus penalties and interest. In addition, certain states, such as California, have adopted similar tax provisions.

Stock Issuance, Performance Units and Performance Shares

A participant generally will not have taxable income at the time an award of stock, performance shares or performance units is granted. Instead, he or she will recognize ordinary income in the first taxable year in which his or her interest in the Shares underlying the award becomes either (1) freely transferable or (2) no longer subject to

[Table of Contents](#)

substantial risk of forfeiture. However, the recipient of an award of restricted stock may elect to recognize income at the time he or she receives the award in an amount equal to the fair market value of the Shares underlying the award (less any cash paid for the shares) on the date the award is granted.

Tax Effect for the Company

The Company generally will be entitled to a tax deduction in connection with an award under the 1999 Plan in an amount equal to the ordinary income realized by a participant and at the time the participant recognizes such income (for example, the exercise of a nonstatutory stock option). Special rules limit the deductibility of compensation paid to our Chief Executive Officer and to certain other of our most highly compensated executive officers. Under Section 162(m) of the Code, the annual compensation paid to any of these specified executives will be deductible only to the extent that it does not exceed \$1,000,000. However, the Company can preserve the deductibility of certain compensation in excess of \$1,000,000 if the conditions of Section 162(m) are met. These conditions include stockholder approval of the 1999 Plan, setting limits on the number of awards that any individual may receive and for awards other than stock options, establishing performance criteria that must be met before the award actually will vest or be paid. The 1999 Plan has been designed to permit the Plan Administrator to grant awards that qualify as performance-based compensation for purposes of satisfying the conditions of Section 162(m), thereby permitting the Company to continue to receive a federal income tax deduction in connection with such awards.

Amendment and Termination of the Plan

The Board generally may amend or terminate the 1999 Plan at any time and for any reason, subject to stockholder approval if applicable.

Summary

We believe strongly that the approval of the amendment to the 1999 Plan to permit our nonemployee directors to participate in all equity programs of the 1999 Plan is essential given the increase in director responsibilities. The 1999 Plan is designed to assist us in recruiting, motivating and retaining talented nonemployee directors who help us achieve our business goals, including creating long-term value for stockholders. If the stockholders do not approve this proposal, the Company cannot grant discretionary equity awards to our nonemployee directors, even if it is in the best interests of the Company to do so. If the Company is unable to grant discretionary equity awards, it may be difficult to recruit and retain talented and qualified nonemployee directors and potentially will limit the Company's growth and future success.

Vote Required

The affirmative vote by a majority of the Votes Cast is required to approve this proposal. The effect of an abstention is the same as that of a vote against the proposal. Unless you indicate otherwise, your proxy will vote "FOR" the proposal.

PROPOSAL NO. 3:

AMENDMENT TO THE COMPANY'S 1999 STOCK OPTION PLAN

The Company is asking the stockholders to approve an amendment to the 1999 Plan to increase by 6,600,000 the number of Shares that may be issued thereunder. The Board has approved the increase in the number of Shares reserved for issuance under the 1999 Plan, subject to approval from stockholders at the Annual Meeting. Approval of this amendment to the 1999 Plan requires the affirmative vote of a majority of the Votes Cast. The Company's named executive officers and directors have an interest in this proposal. Please note that this proposal is separate and distinct from Proposal No. 2 relating to an amendment to the 1999 Plan. Accordingly, a vote for this proposal will not affect your vote for or against Proposal No. 2, and how you vote on Proposal No. 2 will not affect your vote for or against this proposal.

[Table of Contents](#)

The proposal to amend the 1999 Plan also provides that the number of Shares subject to awards granted under the Stock Issuance Program and the Performance Share and Performance Unit Program may not exceed 30% of the sum of (1) the number of Shares added to the 1999 Plan at the 2008 Annual Meeting, (2) the number of Shares available to be granted pursuant to awards under the 1999 Plan (that is, reserved but unissued Shares) as of May 23, 2008, and (3) the number of Shares subject to outstanding awards as of May 23, 2008 that actually return to the 1999 Plan upon the repurchase or reacquisition of unvested Shares or that were subject to awards that terminated without any Shares actually having been issued thereto.

The Company believes strongly that the approval of the amendment to the 1999 Plan is essential to attaining and retaining our most valuable asset, our employees. Offering a broad-based equity compensation program is vital to attracting and retaining the most highly skilled people in our industry. The Company believes that employees who have a stake in the future success of our business become highly motivated to achieve our long-term business goals and increase stockholder value. At this important time in our history, the Company's employees' innovation and productivity are even more critical to its success in a highly competitive and fast-paced industry. The 1999 Plan is designed to assist in recruiting, motivating and retaining talented employees who help us achieve the Company's business goals, including creating long-term value for stockholders.

Description of the 1999 Plan

Please refer to the summary of principal features of the 1999 Plan and its operation as set forth in Proposal No. 2. That summary is qualified in its entirety by reference to the 1999 Plan as set forth in Appendix A to this Proxy statement.

Summary

The Company is and intends to continue to be a growth company. However, in order to grow, it is critical to hire additional people to achieve its long-term strategic goals. The Company strongly believes that the amendment to the 1999 Plan to increase the number of Shares we can use to grant awards is essential for us to compete for talent in the very competitive labor markets in which we operate.

PROPOSAL NO. 4:

AMENDMENT TO THE COMPANY'S EMPLOYEE STOCK PURCHASE PLAN

Introduction

The Company is asking the stockholders to approve an amendment to the Company's Employee Stock Purchase Plan ("Purchase Plan"), which will increase the number of Shares authorized for issuance under the Purchase Plan by an additional 2,900,000 Shares.

The purpose of the amendment is to ensure that the Company will continue to have a sufficient reserve of Shares of the Company's common stock available under the Purchase Plan to provide eligible employees of the Company and its participating affiliates (whether now existing or subsequently established) with the opportunity to purchase Shares at semiannual intervals through their accumulated periodic payroll deductions.

The Purchase Plan was adopted by the Board on September 26, 1995, and became effective on November 20, 1995, in connection with the Company's initial public offering of its common stock.

[Table of Contents](#)

The terms and provisions of the Purchase Plan, as most recently amended, are summarized below. This summary, however, does not purport to be a complete description of the Purchase Plan. The Purchase Plan is set forth in its entirety and has been filed as Appendix B to this Proxy Statement with the SEC. The following summary is qualified in its entirety by reference to the complete text of the Purchase Plan. Any stockholder who wants to obtain a copy of the actual plan document may do so by written request to the Corporate Secretary at the Company's principal offices in Sunnyvale, California.

Description of the Purchase Plan

The Purchase Plan is administered by the Compensation Committee of the Board, serving as the plan administrator. As plan administrator, such committee has full authority to adopt administrative rules and procedures and to interpret the provisions of the Purchase Plan.

Share Reserve

The maximum number of Shares reserved for issuance over the term of the Purchase Plan is limited to 23,500,000 Shares, assuming stockholder approval of the 2,900,000 Share increase that is the subject of this Proposal No. 4. As of May 23, 2008, 16,790,819 Shares had been issued under the Purchase Plan, and 6,709,181 Shares were available for future issuance, assuming stockholder approval of the 2,900,000 Share increase.

The Shares issuable under the Purchase Plan may be made available from authorized but unissued Shares or from Shares of common stock reacquired by the Company, including Shares purchased on the open market.

In the event that any change is made to the outstanding common stock (whether by reason of any stock split, stock dividend, recapitalization, exchange or combination of shares or other change affecting the outstanding common stock as a class without the Company's receipt of consideration), appropriate adjustments will be made to (1) the maximum number and class of securities issuable under the Purchase Plan, (2) the maximum number and class of securities purchasable per participant on any one semiannual purchase date, and (3) the number and class of securities subject to each outstanding purchase right and the purchase price per Share in effect thereunder. Such adjustments will be designed to preclude any dilution or enlargement of benefits under the Purchase Plan or the outstanding purchase rights thereunder.

Offering Period and Purchase Rights

Shares are offered under the Purchase Plan through a series of overlapping offering periods, each with a maximum duration of 24 months. Such offering periods will begin on the first business day of June and on the first business day of December each year over the term of the Purchase Plan. Accordingly, two (2) separate offering periods will begin in each calendar year.

Each offering period will consist of a series of one or more successive purchase intervals. Purchase intervals will run from the first business day in June to the last business day in November each year and from the first business day in December each year to the last business day in May in the immediately succeeding year. Accordingly, Shares will be purchased on the last business day in May and November each year with the payroll deductions collected from the participants for the purchase interval ending with each such semiannual purchase date.

If the fair market value per share of common stock on any semiannual purchase date within a particular offering period is less than the fair market value per share of common stock on the start date of that offering period, then the participants in that offering period will automatically be transferred from that offering period after the semiannual purchase of Shares on their behalf and enrolled in the new offering period which begins on the next business day following such purchase date.

Eligibility and Participation

Any individual who is employed on a basis under which he or she is regularly expected to work for more than 20 hours per week for more than five months per calendar year in the employ of the Company or any participating

[Table of Contents](#)

parent or subsidiary corporation (including any corporation which subsequently becomes such at any time during the term of the Purchase Plan) is eligible to participate in the Purchase Plan.

An individual who is an eligible employee on the start date of any offering period may join that offering period at that time. However, no employee may participate in more than one offering period at a time.

As of May 23, 2008, approximately 7,628 employees, including five executive officers, were eligible to participate in the Purchase Plan.

Purchase Price

The purchase price of the Shares purchased on behalf of each participant on each semiannual purchase date will be equal to 85% of the lower of (1) the fair market value per Share on the start date of the offering period in which the participant is enrolled or (2) the fair market value on the semiannual purchase date.

The fair market value per Share on any particular date under the Purchase Plan will be deemed to be equal to the closing selling price per share on such date reported on the NASDAQ Global Select Market. On May 23, 2008, the closing selling per share of common stock on the NASDAQ Select Market was \$23.77 per share.

Payroll Deductions and Stock Purchases

Each participant may authorize periodic payroll deductions in any multiple of 1% up to a maximum of 10% of his or her total cash earnings (generally base salary, bonuses, overtime pay and commissions) to be applied to the acquisition of Shares at semiannual intervals. Accordingly, on each semiannual purchase date (the last business day in May and November each year), the accumulated payroll deductions of each participant will automatically be applied to the purchase of whole Shares at the purchase price in effect for the participant for that purchase date.

Special Limitations

The Purchase Plan imposes certain limitations upon a participant's rights to acquire common stock, including the following limitations:

- Purchase rights granted to a participant may not permit such individual to purchase more than \$25,000 worth of Shares (valued at the time each purchase right is granted) for each calendar year those purchase rights are outstanding.
- Purchase rights may not be granted to any individual if such individual would, immediately after the grant, own or hold outstanding options or other rights to purchase stock possessing 5% or more of the total combined voting power or value of all classes of stock of the Company or any of its affiliates.
- No participant may purchase more than 1,500 Shares on any one purchase date.

The Plan Administrator will have the discretionary authority to increase, decrease, or implement the per participant and any total participant limitations prior to the start date of any new offering period under the Purchase Plan.

Withdrawal Rights and Termination of Employment

The participant may withdraw from the Purchase Plan at any time, and his or her accumulated payroll deductions may either be applied to the purchase of shares on the next semiannual purchase date or refunded.

Upon the participant's cessation of employment or loss of eligible employee status, payroll deductions will automatically cease. Any payroll deductions which the participant may have made for the semiannual period in which such cessation of employment or loss of eligibility occurs will be immediately refunded.

Stockholder Rights

No participant will have any stockholder rights with respect to the Shares covered by his or her purchase rights until the Shares are actually purchased on the participant's behalf. No adjustment will be made for dividends, distributions or other rights for which the record date is prior to the date of such purchase.

Assignability

Purchase rights are not assignable or transferable by the participant and may be exercised only by the participant.

Change in Control

In the event a change in control occurs, all outstanding purchase rights will automatically be exercised immediately prior to the effective date of such change. The purchase price in effect for each participant will be equal to 85% of the lower of (1) the fair market value per Share on the start date of the offering period in which the participant is enrolled at the time the change in control occurs or (2) the fair market value per Share immediately prior to the effective date of such change in control.

A *change in control* will be deemed to occur if (1) the Company is acquired through a merger or consolidation in which more than 50% of the Company's outstanding voting stock is transferred to a person or persons different from those who held stock immediately prior to such transaction; (2) the Company sells, transfers or disposes of all or substantially all of its assets; or (3) any person or related group of persons acquires ownership of securities possessing more than 50% of the total combined voting power of the Company's outstanding securities pursuant to a tender or exchange offer made directly to the Company's stockholders.

Share Proration

Should the total number of Shares to be purchased pursuant to outstanding purchase rights on any particular date exceed either (1) the maximum number of Shares purchasable in total by all participants on any one purchase date (if applicable) or (2) the number of Shares then available for issuance under the Purchase Plan, then the Plan Administrator will make a pro-rata allocation of the available Shares on a uniform and nondiscriminatory basis. In such an event, the Plan Administrator will refund the accumulated payroll deductions of each participant, to the extent in excess of the purchase price payable for the Shares prorated to such individual.

Amendment and Termination

The Purchase Plan will terminate upon the earliest of (1) the last business day in May 2011, (2) the date on which all Shares available for issuance thereunder are sold pursuant to exercised purchase rights, or (3) the date on which all purchase rights are exercised in connection with a change in control.

The Board may at any time alter, amend, suspend or discontinue the Purchase Plan. However, the Board may not, without stockholder approval, (1) increase the number of Shares issuable under the Purchase Plan, (2) alter the purchase price formula so as to reduce the purchase price, or (3) modify the requirements for eligibility to participate in the Purchase Plan.

Plan Benefits

The table below shows, as to the named executive officers and specified groups, the number of Shares purchased under the Purchase Plan during fiscal 2008, together with the value of those Shares as of the date of purchase.

Participation in the ESPP

Participation in the Purchase Plan is voluntary and dependent on each eligible employee's election to participate and his or her determination as to the level of payroll deductions. Accordingly, future purchases under the Purchase Plan are not determinable. Nonemployee directors are not eligible to participate in the Purchase Plan. The following table sets forth certain information regarding shares purchased under the Purchase Plan during the last fiscal year for each of the named executive officers, for all current executive officers as a group and for all other employees who participated in the Purchase Plan as a group:

New Plan Benefits

No purchase rights have been granted, and no Shares have been issued, on the basis of the 2,900,000 Share increase that is the subject of this Proposal No. 4.

Federal Tax Consequences

The Purchase Plan is intended to be an employee stock purchase plan within the meaning of Section 423 of the Code. Under an employee stock purchase plan, which so qualifies, no taxable income will be recognized by a participant, and no deductions will be allowable to the Company, upon either the grant or the exercise of the purchase rights. Taxable income will not be recognized until there is a sale or other disposition of the Shares acquired under the Purchase Plan or in the event the participant should die while still owning the purchased Shares.

If the participant sells or otherwise disposes of the purchased Shares within two years after the start date of the offering period in which such Shares were acquired or within one year after the actual semiannual purchase date of those Shares, then the participant will recognize ordinary income in the year of sale or disposition equal to the amount by which the fair market value of the Shares on the purchase date exceeded the purchase price paid for those Shares, and the Company will be entitled to an income tax deduction, for the taxable year in which such disposition occurs equal in amount to such excess. The participant will also recognize capital gain equal to the amount by which

[Table of Contents](#)

the amount realized upon the sale or disposition exceeds the sum of the aggregate purchase price paid for the Shares and the ordinary income recognized in connection with their acquisition.

If the participant sells or disposes of the purchased Shares more than two years after the start date of the offering period in which the Shares were acquired and more than one year after the actual semiannual purchase date of those Shares, then the participant will recognize ordinary income in the year of sale or disposition equal to the lesser of (1) the amount by which the fair market value of the Shares on the sale or disposition date exceeded the purchase price paid for those Shares or (2) 15% of the fair market value of the Shares on the start date of that offering period. Any additional gain upon the disposition will be taxed as a long-term capital gain. The Company will not be entitled to an income tax deduction with respect to such disposition.

If the participant still owns the purchased Shares at the time of death, the lesser of (1) the amount by which the fair market value of the Shares on the date of death exceeds the purchase price or (2) 15% of the fair market value of the Shares on the start date of the offering period in which those Shares were acquired will constitute ordinary income in the year of death.

Summary

The Board believes that it is in the best interests of the Company to continue to provide employees with the opportunity to acquire an ownership interest in the Company through their participation in the Purchase Plan and thereby encourage them to remain in the Company's employ and more closely align their interests with those of the stockholders.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act requires the Company's directors and executive officers and persons who own more than 10% of a registered class of the Company's equity securities to file with the SEC initial reports of ownership and reports of changes in their ownership of common stock and other equity securities of the Company. Officers, directors and greater than 10% stockholders are required by SEC regulations to furnish the Company with copies of all Section 16(a) forms they file.

Based solely on the review of the copies of such reports furnished to the Company and written representations that no other reports were required, the Company believes that during the fiscal year ended April 25, 2008, its officers, directors and greater than 10% stockholders complied with all Section 16 filing requirements. However, Mr. Mendoza inadvertently failed to file one Form 4 with respect to a forfeiture of common stock in August 1998 and one Form 4 with respect to a sale of common stock in May 2002, which transactions are both reflected on a Form 4 filed on July 11, 2008.

COMPENSATION DISCUSSION AND ANALYSIS

The Board has delegated to the Compensation Committee of the Board ("Compensation Committee") sole authority and responsibility for establishing and overseeing salaries, incentive compensation programs, and other forms of compensation for our executive officers and our other employees and for administering our equity incentive and benefits plans.

The principal components of compensation that we pay to our named executive officers consist of the following:

1. Base salary and standard employee benefits (including our 401(k) plan, health and life insurance plans, and nonqualified deferred compensation program);
2. Cash incentive compensation under the terms of incentive compensation plans established for our senior executive officers (including our named executive officers);
3. Equity compensation in the form of grants of stock options, restricted stock and restricted stock units; and
4. The Executive Retirement Medical Plan for qualifying senior executive officers (including our named executive officers).

Our compensation programs are designed to recruit and retain quality senior executive officers and to motivate and reward our senior executive officers for managing and operating our business in a manner that maximizes stockholder value consistent with good ethical behavior. We use a combination of individual and corporate-wide performance goals and measure these goals on an annual and long-term basis in order to ensure that we achieve our corporate goals. This compensation discussion and analysis explains the material elements of our compensation for our named executive officers and how our compensation program is designed and operated to help us achieve our corporate goals.

Principles and Objectives of Compensation

Our compensation program is designed to reward employee behaviors that benefit the Company and its stockholders on a day-to-day, periodic and long-term basis. These behaviors include excellence in performing one's duties, collegiality and teamwork in meeting individual- and corporate-wide goals and good ethical behavior in performing one's duties. Our base salary compensation is designed to ensure excellence in the day-to-day management and operation of our business while our cash incentive compensation program rewards behaviors that support the Company's short-term (typically annual) goals. Our equity award programs target longer term value that we believe should ultimately be expressed as a sustained material increase in our stock price. Our equity awards also represent a key tool for retaining our employees, including our named executive officers. We do so through the granting of equity awards that "vest" over a fixed period of time subject to the continued provision of services by the individual to the Company. Our customary new hire equity award vests over a period of four years, with one-quarter of the total award vesting on the first anniversary of the employee's hire date and the balance of the award vesting ratably each month thereafter for the next three years such that the entire award vests in full on the fourth anniversary of the hire date, subject to continued provision of service. Our customary performance equity award vests over a period of four years, vesting ratably each month such that the entire award vests in full on the fourth anniversary of the grant date, subject to continued provision of service.

Our Executive Retirement Medical Plan provides medical coverage beyond the COBRA maximum benefit period to a defined group of retiring executive officers as a fully insured plan based on minimum age, service and level of responsibility (that is, executive vice president or above) and was adopted by the Company as a method to retain the defined group of executive officers.

Total compensation is higher for senior executive officers (including our named executive officers) with greater responsibility and greater ability to influence the Company's achievement of targeted results and corporate goals. As an executive's position and responsibility increase, we believe that a greater portion of that executive's total compensation should be performance-based pay that is contingent on the achievement of specific corporate goals. And as an executive's performance-based pay increases with increasing levels of responsibility, we also believe that equity-based compensation should compose an increasingly higher portion of performance-based compensation and of total compensation. Therefore, our compensation program is structured such that a significant portion of our most senior executives' (and all of our named executive officers') total compensation is tied to long-term appreciation of our stock price.

Administration of Our Compensation Program

The Compensation Committee meets periodically throughout the year to manage our compensation program. The Compensation Committee determines and approves the principal components of compensation for our named executive officers (including the incentive targets for the cash incentive compensation program) on an annual basis, typically prior to the beginning of the applicable fiscal year. As part of this process, the Compensation Committee establishes targeted total compensation levels (that is, maximum achievable compensation) for each of our named executive officers. In making its decisions regarding compensation, the Compensation Committee obtains the advice and counsel of outside advisors engaged by the Compensation Committee. With respect to our named executive officers (other than the CEO), the Compensation Committee solicits the input of our chief executive officer, who recommends to the Compensation Committee the salary, incentive compensation and equity-based compensation to be paid to our named executive officers other than himself. We expect that the Compensation Committee will continue to solicit input from our chief executive officer with respect to compensation decisions affecting the other named executive officers and other members of our senior management team. With respect to compensation for our chief executive officer, the Compensation Committee deliberates and makes decisions without the presence or participation of the chief executive officer.

In addition, the Compensation Committee typically engages an independent compensation consultant to periodically review our compensation programs, based on both benchmarking of a select group of "peer companies" as well as based on our own internal pay equity parameters and our overall corporate goals. For instance, in connection with its determination of compensation for our fiscal year 2009, the Compensation Committee retained an independent compensation consultant to (1) review and assess the total direct compensation levels provided to

our senior management team relative to an appropriate peer group, (2) review and assess our current equity grant guidelines and practices relative to an appropriate peer group, and (3) develop future equity grant guidelines and practices for all employees taking into account current trends in compensation. Based on the analysis by the consultant, input from the senior management team and the Compensation Committee's deliberations, the Compensation Committee approved our compensation plan for fiscal 2009.

The Compensation Committee has designed our compensation program in order to recruit and retain quality executives in a competitive labor environment and to motivate those executives to perform the best job possible consistent with good ethical behavior and to do so over a sustained period of time, which we believe will ultimately be expressed in our stock price. The Company offers each of the elements of compensation outlined above to our named executive officers because we believe that all four elements are necessary in order to meet the goals that we have set for our Company. For instance, if we were to reduce the payments under or eliminate entirely the incentive compensation plan, we would not have an appropriate means to motivate our executives to achieve short-term goals because we would be relying on base salary (which is not tied to specific corporate goals) and equity awards that (because of their vesting) are tied to long-term appreciation of our stock price. Similarly, if we were to reduce or eliminate our equity awards and rely solely on base salary and our incentive compensation plan, our executives might focus their efforts on achieving short-term corporate goals without regard to the creation of long-term value that would be expressed in our stock price.

Factors in Determining Compensation

The primary factors that the Compensation Committee takes into consideration in establishing the principal components of compensation of our named executive officers are discussed below. While these are typically the considerations upon which the Compensation Committee bases its compensation decisions for our named executive officers, the Compensation Committee may, at its discretion, apply entirely different factors, such as different measures of financial performance, for future fiscal years.

Competitive Market Data

In February 2007, the Compensation Committee reviewed and approved a peer group of companies to be used for fiscal 2008 for benchmarking and for setting executive compensation. The Compensation Peer Group for fiscal 2008 was as follows:

3Com Corp.	Cadence Design Systems, Inc.	SanDisk Corp.
Adobe Systems, Inc.	Juniper Networks, Inc.	Synopsys, Inc.
BEA Systems, Inc.	Intuit, Inc.	VeriSign, Inc.
BMC Software, Inc.	LSI Corporation	Xilinx, Inc.
Broadcom Corp.	Quantum Corp.	

Table of Contents

In February 2008, based on the review and recommendations presented by Radford Surveys + Consulting, the Compensation Committee reviewed and approved a revised Compensation Peer Group to be used for benchmarking and for setting executive compensation. To determine the appropriate peer group, the Compensation Committee considered companies with similar revenue, number of employees, market capitalization and annual growth rates. The median annual revenues for the new peer group are \$2.3 billion and the group has been increased from 14 to 34 companies. The Compensation Committee will periodically review and update the peer group as appropriate. The Compensation Peer Group established for fiscal 2008 and 2009 is as follows:

Adobe Systems, Inc.	Electronic Arts, Inc.	Palm, Inc.
Agere Systems, Inc.(1)	Gateway, Inc.	Sabre Holdings Corp.
American Power Conversion	Harris Corp.	SanDisk Corp.
ASML Holding N.V.	Intuit, Inc.	Spanion, Inc.

Base Salary

In setting the base salary for each named executive officer, the Compensation Committee considers the executive's qualifications and experience, scope of responsibilities, future potential contributions to the Company, the goals and objectives of the executive, and the executive's past performance. In addition, the Compensation Committee reviews published compensation survey data for the industry, engages compensation consultants to perform customized studies for the Compensation Committee and reviews internal pay equity. The base salary for each named executive officer is designed to be competitive with salary levels for comparable positions in the published surveys as well as to reflect the individual's personal performance and internal alignment considerations. The relative weight given to each factor varies with each individual at the sole discretion of the Compensation Committee. For fiscal 2008, the base salary of the Company's named executive officers ranged from the 50th percentile to the 75th percentile of the base salary levels in effect for comparable positions in the then surveyed compensation data for the former peer group, which consisted of smaller revenue-sized companies. For fiscal 2009, we expect that the base salary of the Company's named executive officers will remain within the 50th percentile range for the more comparably sized new peer group. In addition, for the named executive officers, we establish base salaries at a level so that a significant portion (generally 50% or more) of the executive's total compensation is performance-based (that is, cash incentive and/or equity awards), and, therefore, in connection with its determination of increases or decreases in total compensation for our named executive officers, the Compensation Committee reviews the executive's current total compensation package in order to ensure that any change in annual base salary is properly balanced relative to those portions of his or her total compensation that consist of incentive compensation and equity awards.

While base salary levels (along with all other components of a named executive officer's compensation) are typically set at fixed and consistent points in our fiscal year cycle, under certain circumstances, the Compensation Committee will revise base salary levels when those levels are not consistent with the Company's overall compensation policies or are not competitive enough to attract higher quality employees.

Incentive Compensation Plan

We have not historically paid any automatic or guaranteed cash incentives to our employees, including our named executive officers. The Compensation Committee believes that a cash incentive compensation plan that is tied to operational performance metrics can better serve to motivate the Company's named executive officers and employees to achieve annual performance goals because such a plan uses more immediate measures of performance than those reflected in the appreciation in value of equity awards while still putting receipt of such compensation "at risk". The Compensation Committee administers the incentive compensation plan on a yearly basis and authorizes payment of the incentive compensation payouts at the end of a particular fiscal year and creates a new, similarly structured plan for the succeeding fiscal year. The Compensation Committee determines the specific targets for each of our named executive officers based on the same criteria used to set base salary.

Under the 2008 incentive compensation plan, our senior executive officers (including all of our named executive officers) are eligible to receive annual performance-based cash compensation based on such individuals' assigned target incentive compensation levels (which are expressed as a percentage of actual annual base salary earnings) and the funding of the 2008 incentive compensation plan, which is determined based on the Company achieving operating profits. For fiscal 2008, which ended April 25, 2008, the Company actually achieved 87.5% of its fiscal year 2008 plan. The incentive compensation-to-operating profit payout ratio is ten for one above 100% of the Company's target operating profit goal and four for one below 100% of the Company's target operating profit goal. For example, for each incremental percentage point of corporate operating profit beyond 100% of the Company's targeted operating profit goal for a fiscal year, each eligible executive officer receives additional cash compensation equal to 10% of his actual incentive compensation target payout, up to a maximum of 200% of the target. For each incremental percentage point of the Company's operating profit below 100% of the Company's target operating profit goal for fiscal 2008, each eligible officer's actual incentive compensation target payout is reduced by four percent. This incentive program is illustrated in the following schedule:

Percent of Operating Profit Target		Percent of Incentive Compensation Target Payout	
120	%	200	%
110	%	200	%
105	%	150	%
102	%	120	%
100	%	100	%
98	%	92	%
95	%	80	%
90	%	60	%
80	%	20	%

For our named executive officers, the target incentive compensation levels for fiscal year 2008 range from 110% to 130% of such individuals' base earnings. All executives' awards are capped at 2.0x target.

Long-Term Stock-Based Incentive Compensation

The Compensation Committee has the authority to grant stock options, restricted stock and restricted stock units ("RSUs") to our named executive officers under our Amended and Restated 1995 Stock Incentive Plan and our Amended and Restated 1999 Stock Option Plan. These grants are designed to align the interests of each executive officer with those of the stockholders and provide each executive officer with a significant incentive to manage the Company from the perspective of an owner with an equity stake in the business. Each stock option grant allows the executive officer to acquire shares of the Company's common stock at a fixed price per share (the market price on the grant date) over a specified period of time (up to seven years), thus providing a return to the executive officer only if the market price of the shares appreciates over the option term, and the officer continues to be employed by the Company. The size of the option grant to each executive officer is designed to create a meaningful opportunity for stock ownership and is based on a number of factors, of which the principal ones are the executive officer's current position with the Company, external comparability with option grants made to executive officers based on

published surveys, internal comparability with option grants made to other executive officers within the Company, the executive officer's current level of performance and the executive officer's potential for future responsibility and promotion over the option term. The Compensation Committee also takes into account the number of vested and unvested options and RSUs held by the executive officer in order to maintain an appropriate level of equity incentive for the individual. However, the Compensation Committee does not adhere to any specific guidelines as to the relative option holdings of the Company's executive officers.

Since May of 2003, we have occasionally granted restricted stock in addition to stock options in unique situations when retention was of key strategic importance. As with the granting of stock options, restricted stock and RSU grants allow us to align the interests of each named executive officer with those of the stockholders and provide each individual with a significant incentive to manage the Company from the perspective of an owner with an equity stake in the business. Restricted stock and RSUs vest annually over four years and, because the restricted stock and RSU entails actual ownership of our common stock without the need to "exercise", our restricted stock and RSU grants are proportionally smaller than our stock option grants, though the size of the restricted stock and RSU grant for each executive officer is still determined based on the same factors used to determine stock option grants described in the immediately preceding paragraph.

Pricing of and Accounting for Equity Awards

All grants of stock options to our executive officers, employees, and directors have exercise prices equal to or exceeding the fair market value of the underlying shares of common stock on the grant date, as determined by our Board. All equity-based awards have been reflected in our consolidated financial statements, based on the applicable accounting guidance. Previously, we accounted for equity compensation paid to our employees and directors using the intrinsic value method under APB Opinion No. 25 and FASB Financial Interpretation No. 44, "Accounting for Certain Transactions Involving Stock Compensation — an Interpretation of APB Opinion No. 25." Under the intrinsic value method, no stock-based compensation was recognized in our consolidated statements of operations for options granted to our directors, employees, consultants and others because the exercise price of the stock options equaled or exceeded the fair market value of the underlying stock on the dates of grant. Effective April 29, 2006, we adopted FAS 123R using the modified prospective method. Under this method, stock-based compensation expense is recognized using the fair-value based method for all awards granted on or after the date of adoption of FAS 123R. FAS 123R requires us to estimate and record an expense over the service period of the stock-based award.

Policies Regarding Timing of Equity Award Grants

Except in extraordinary circumstances as approved by the Compensation Committee, we grant stock options, restricted stock and RSUs to all of our employees (including our named executive officers) on fixed dates. If the named executive officer is a new hire and is receiving an initial grant in connection with the commencement of employment, the grant to such individual "will be effective" on the 15th (or the first business day following the 15th, in the event that the 15th falls on a weekend or holiday) of the month that immediately follows the month in which the individual first commences employment with us. Regardless of the date of grant, the vesting commencement date is still the actual first day of employment. For named executive officers who receive promotion or retention grants, such grants "will be effective" on the 15th (or the first business day following the 15th, in the event that the 15th falls on a weekend or holiday) of the month that immediately follows the month in which the Compensation Committee approves the grant for such individual. Annual stock option and restricted stock grants to named executive officers are "effective" on June 1st (or the first business day following June 1st, in the event that June 1st falls on a weekend or holiday).

We do not have a policy or practice in place to grant equity awards that are timed to precede or follow the release or withholding of material nonpublic information.

Other Compensation for Named Executive Officers

Severance and Change of Control Arrangements

As of fiscal 2008, we did not have any employment contracts or severance agreements in effect with any of our named executive officers. However, we did have contractual obligations to provide three of our named executive officers with severance benefits in certain circumstances. Specifically, the stock options granted to each of Daniel J. Warmenhoven, our Chief Executive Officer, Thomas F. Mendoza, our Vice Chairman, and Steven J. Gomo, our Executive Vice President of Finance and Chief Financial Officer, under the Discretionary Option Grant Programs of our Amended and Restated 1995 Stock Incentive Plan and our Amended and Restated 1999 Stock Option Plan will immediately accelerate and vest in full in the event that such individual's employment with us is terminated in connection with an acquisition of the Company pursuant to a merger or reorganization or a sale of all or substantially all of our assets. We also have a general severance policy applicable to all employees (including the named executive officers) providing for additional weeks of pay based on years of service, plus periods of access to a career center and office resources, one-on-one coaching, and access to an online database.

In considering total executive compensation for fiscal year 2009, the Compensation Committee recognized that we faced a potential risk of not being able to retain key executives in the event of an acquisition of the Company as a result of not having employment or severance agreements. On April 7, 2008, the Compensation Committee began to discuss entering into change of control severance agreements with certain of our executives. The Compensation Committee worked with an independent compensation consultant, Radford Surveys + Consulting, who provided various suggestions regarding the potential terms of a change of control severance agreement based on competitive market data from our Compensation Peer Group. In considering these potential terms, the Compensation Committee's objectives were to: (1) assure we would have the continued dedication and objectivity of our executives, notwithstanding the possibility of a change of control of the Company, thereby aligning the interests of these key executives with those of the stockholders in connection with potentially advantageous offers to acquire the Company; and (2) create a total executive compensation plan that is competitive with our Compensation Peer Group.

On June 19, 2008, the Compensation Committee approved the terms of a change of control severance agreement and entering into such agreements with certain of our executives. Thereafter, we entered into a Change of Control Severance Agreements with certain executives, including each of the named executive officers. The terms of the individual Change of Control Severance Agreements are described in further detail in the section below titled "Potential Payments upon Termination or Change of Control."

Perquisites

The Company's named executive officers are eligible to participate in the Company's Executive Retirement Medical Plan, which provides medical coverage beyond the COBRA maximum benefit period to a defined group of retiring executive officers as a fully-insured plan based on minimum age, service and level of responsibility (that is, executive vice president or above), and was adopted by the Company as a method to retain the defined group of executive officers. Our named executive officers are also entitled to a preventive care medical benefit not available to nonexecutives up to \$2,500 per calendar year.

Other Benefits and Reimbursements

Named executive officers are eligible to participate in all of our employee benefit plans, such as medical, dental, vision, group life and accidental death and dismemberment insurance and our 401(k) plan, in each case on the same basis as other employees. We offer up to \$3,000 in a matching contribution under our 401(k) plan to each employee. The only retirement benefits that we offer our named executive officers are those under the Executive Retirement Medical Plan.

The Board of Directors has adopted a travel policy whereby the Company's CEO and Vice Chairman are permitted for business travel to fly private or charter aircraft within certain limitations. The CEO and Vice Chairman are two of the most frequently traveled senior executive officers of the Company and are often required to travel on extremely short notice and to areas that have limited access to commercial flights. Because the reimbursement is for business travel only and is integrally and directly related to the performance of the executives' duties, the

[Table of Contents](#)

Company's reimbursement is not compensation or a perquisite. Subject to an annual cap of \$500,000, the CEO is reimbursed for expenses incurred in the operation of his privately owned aircraft when used for Company business, provided such expenses do not exceed the rate charged for equivalent commercial charter travel. For further details, see the *Certain Transactions with Related Parties* section of this Proxy Statement. The Vice Chairman is reimbursed for the actual cost of chartering an aircraft for his qualified business travel as defined in the policy and is also subject to an annual cap of \$500,000.

Tax Deductibility of Compensation

Section 162(m) of the Code generally disallows a tax deduction to publicly held companies for compensation paid to certain executive officers, to the extent that compensation exceeds \$1 million per officer in any year. The Company generally seeks to maximize the deductibility for tax purposes of all elements of compensation. The compensation paid to the CEO for the fiscal year 2008 did exceed the \$1 million limit per officer, and it is expected the compensation to be paid to the CEO for the 2009 fiscal year will also exceed that limit. Our Amended and Restated 1995 Stock Incentive Plan and our Amended and Restated 1999 Stock Option Plan are structured so that any compensation deemed paid to an executive officer in connection with the exercise of his or her outstanding options under each such plan will qualify as performance-based compensation which will not be subject to the \$1 million limitation. At the 2007 Annual Meeting, stockholders approved the Executive Compensation Plan so that cash bonuses paid in accordance with our Executive Compensation Plan could be structured to allow for a deduction under 162(m). The Company does not believe the amount of compensation in excess of \$1 million will be significant. However, the Compensation Committee periodically reviews applicable tax provisions, such as Section 162(m), and may revise compensation plans from time to time to maximize deductibility.

Nonqualified Deferred Compensation

Under the Company's Deferred Compensation Plan, key employees, including the named executive officers, may defer from 1% to 100% of the compensation they receive. The Deferred Compensation Plan allows contributions on a tax deferred basis in excess of IRS limits imposed on 401(k) Plans as permitted and in compliance with Internal Revenue Code Section 409A. Eligible employees may defer an elected percentage of eligible earnings that include Base Salary, Sales Incentive Compensation, and Company Incentive Compensation. Eligible employees are director level and higher employees who are on the U.S. payroll. Elections made under the Deferred Compensation Plan are irrevocable for the period (plan year) to which they apply, and cannot be changed or terminated. If no new election is made for a subsequent plan year, the election will be 0%. Previous elections do not carry forward.

Interest (earnings) is not calculated by the Company or related to the Company's earnings in the last fiscal year. Instead, deferrals are placed (at the participant's direction) into a variety of publicly traded mutual funds administered through Fidelity Investments. The mutual funds available mirror those in the Company 401(k) Plan. Available mutual funds are selected and monitored by the 401(k) Compensation Committee which is comprised of a group of executives (none of whom are named executive officers), with input from an outside investment advisor as well as Fidelity Investment Advisors. Participants are permitted to make changes to their investment choices (but not their deferral percentages) at any time, but always within the family of publicly traded mutual funds. Neither Company common stock nor securities of any other issuers are included among the investment choices. However, it is possible that Company common stock may compose a portion of the portfolio of investments held by these mutual funds.

At the time of initial election, the participant must also elect a distribution option. Distribution options include a Separation Account (paid six months after termination of employment) or an In-Service Account (paid at a specified fixed future date). Participants are not permitted to change the timing of a Separation Account. In-Service Account distributions begin on January 15 of the specified year, and deferrals must be at least two years old before distribution can begin. Participants are permitted to delay the timing of an In-Service Account, but any such modification to timing must delay the distribution for at least five years.

Potential Payments upon Termination or Change in Control

Change of Control Severance Agreements

In June 2008, the Compensation Committee approved the terms of a change of control severance arrangement. Thereafter, we entered into a Change of Control Severance Agreement with certain executives, including each of the named executive officers. The Compensation Committee believes these agreements are necessary for us to retain key executives in the event of an acquisition of the Company. In approving the agreements, the Compensation Committee's objective was to (1) assure we would have the continued dedication and objectivity of our executives, notwithstanding the possibility of a change of control of the Company, thereby aligning the interests of these key executives with those of the stockholders in connection with potentially advantageous offers to acquire the Company, and (2) create a total executive compensation plan that is competitive with our Compensation Peer Group.

Estimated Payments Upon Termination or Change in Control

The following table provides information concerning the estimated payments and benefits that would be provided in the circumstances described below for each of the named executive officers in accordance with the Company’s severance and benefits plans and practices as of April 25, 2008. Payments and benefits are estimated assuming that the triggering event took place on the last business day of fiscal year 2008 (April 25, 2008), and the price per share of the Company’s common stock is the closing price of the NASDAQ Global Select Market as of that date (\$23.44). There can be no assurance that a triggering event would produce the same or similar results as those estimated below if such event occurs on any other date or at any other price, or if any other assumption used to estimate potential payments and benefits is not correct. Due to the number of factors that affect the nature and amount of any potential payments of benefits, any actual payments and benefits may be different.

Does not reflect any dollar value associated with the acceleration of options with exercise prices in excess of \$23.44. For unvested restricted

stock awards, aggregate market value is determined by multiplying (1) the number of shares subject to such awards as of April 25, 2008 by (2) \$23.44.

- (3) Assumes continued coverage of employee benefits at the amounts paid by the Company for fiscal year 2008 for health, dental, vision, long-term disability and life insurance coverage, including continued coverage under the Company's Executive Retirement Medical Plan. The Company also provides periods of access to a career center and office resources, one-on-one coaching, and access to an online database.
- (4) The stock options granted to each of Daniel J. Warmenhoven, Thomas F. Mendoza, and Steven J. Gomo under the Discretionary Option Grant Programs of our Amended and Restated 1995 Stock Incentive Plan and our Amended and Restated 1999 Stock Option Plan will immediately accelerate and vest in full in the event that such individual's employment with us is terminated in connection with an acquisition of the Company pursuant to a merger or reorganization or a sale of all or substantially all of our assets.

Term of Change of Control Severance Agreement

Each Change of Control Severance Agreement has an initial term of three years. On the third anniversary of the effective date of the Change of Control Severance Agreement, the Change of Control Severance Agreement will renew automatically for an additional one-year term unless either party provides the other with a notice of nonrenewal at least 60 days prior to the date of automatic renewal. If a Change of Control (as defined below) occurs at any time during the term of the agreement, the term of the Change of Control Severance Agreement will extend automatically for 12 months following the effective date of the Change of Control. If an executive becomes entitled to severance benefits pursuant to his or her Change of Control Severance Agreement, the Change of Control Severance Agreement will not terminate until all of obligations of the Change of Control Severance Agreement have been satisfied.

Circumstances Triggering Payment Under Change of Control Severance Agreement

Each Change of Control Severance Agreement provides that if the Company terminates an executive's employment without Cause (as defined below) or if the executive resigns for Good Reason (as defined below), and such termination occurs on or within 12 months after a Change of Control, the executive will receive certain benefits (as described below). The executive will not be entitled to any benefits, compensation or other payments or rights upon his or her termination following a Change of Control other than as set forth in his or her Change of Control Severance Agreement.

If the executive voluntarily terminates his or her employment with the Company (other than for Good Reason during the period that is on or within 12 months after a Change of Control), or if the Company terminates the executive's employment for Cause, then the executive will not be entitled to receive severance or benefits except for those (if any) as provided in the Company's existing severance and benefits plans and practices or pursuant to other written agreements with the Company.

If the Company terminates the executive's employment as a result of executive's disability, or if the executive's employment terminates due to his or her death, then the executive will not be entitled to receive severance or benefits except for those (if any) as provided in the Company's existing severance and benefits plans and practices or pursuant to other written agreements with the Company.

If the executive voluntarily terminates his or her employment and such termination is for Good Reason, or if the Company terminates the executive's employment without Cause, and in either event such termination does not occur on or within 12 months after a Change of Control, then the executive will not be entitled to receive severance or benefits except for those (if any) as provided in the Company's existing severance and benefits plans and practices or pursuant to other written agreements with the Company.

The Company has a general severance policy applicable to all employees (including the named executive officers) providing for additional weeks of pay based on years of service, plus periods of access to a career center and office resources, one-on-one coaching, and access to an online database. However, if the named executive officer is eligible to receive any payments under his or her Change of Control Severance Agreement, the executive

will not be eligible to receive any payments or benefits pursuant to any Company severance plan, policy, or other arrangement.

Timing and Form of Severance Payments Under Change of Control Severance Agreement

Unless otherwise required by Section 409A of the Internal Revenue Code, any severance payments to be made pursuant to the Change of Control Severance Agreement will be paid in a lump sum as soon as practicable following the executive's termination date. No severance or other benefits will be paid or provided until a separation agreement and release of claims between the executive and the Company becomes effective. If the executive should die before all of the severance has been paid, any unpaid amounts will be paid in a lump-sum payment to the executive's designated beneficiary.

Severance Payments Under Change of Control Severance Agreement

If the Company terminates an executive's employment without Cause or if the executive resigns for Good Reason and such termination occurs on or within 12 months after a Change of Control, the executive will receive the following benefits:

- all accrued but unpaid vacation, expense reimbursements, wages, and other benefits due to the executive under any Company plan or policy (provided, however, that an executive will not be eligible to receive any benefits under any Company severance plan, policy or other arrangement);
- the sum of (1) 200% (250% in the case of Mr. Warmenhoven) of the executive's annual base salary as in effect immediately prior to the executive's termination date or (if greater) at the level in effect immediately prior to the Change of Control, and (2) 100% of the executive's target annual bonus in effect immediately prior to the executive's termination date or (if greater) at the level in effect immediately prior to the Change of Control;
- accelerated vesting of the executive's outstanding equity awards as follows:
 - Prior to entering into the Change of Control Severance Agreements, the Company had a contractual obligation to certain executives to provide for accelerated vesting of equity awards in certain circumstances. As a result, the Change of Control Severance Agreement entered into between the Company and each of Mr. Warmenhoven, Mr. Gomo and Mr. Mendoza provides that equity awards granted on or before June 19, 2008 will vest in full as to 100% of the unvested portion of the award. All outstanding equity awards granted after June 19, 2008 that are subject to time-based vesting will vest as to that portion of the award that would have vested through the 24 month period following the executive's termination date had the executive remained employed through such period. Additionally, the executive will be entitled to accelerated vesting as to an additional 50% of the then unvested portion of all of his or her outstanding equity awards granted after June 19, 2008 that are scheduled to vest pursuant to performance-based criteria, if any.
 - The Change of Control Severance Agreements entered into with the remaining named executive officers provide that equity awards that are subject to time-based vesting will vest as to that portion of the award that would have vested through the 24 month period following the executive's termination date had the executive remained employed through such period. Additionally, the executive will be entitled to accelerated vesting as to an additional 50% of the then unvested portion of all of his or her outstanding equity awards that are scheduled to vest pursuant to performance-based criteria, if any.
 - Each executive will have one year following the date of his or her termination in which to exercise any outstanding stock options or other similar rights to acquire Company stock (but such post termination exercise period will not extend beyond the original maximum term of the award);
- if the executive elects continuation coverage pursuant to COBRA for himself or herself and his or her eligible dependents, the Company will reimburse the executive for the COBRA premiums for such coverage until the earlier of (1) 18 months (or 24 months in the case of Mr. Warmenhoven), or (2) the date upon which the executive and/or the executive's eligible dependents are covered under similar plans.

Conditions to Receipt of Severance Under Change of Control Severance Agreement

The executive's receipt of any payments or benefits under the Change of Control Severance Agreement will be subject to the executive continuing to comply with the terms of any confidential information agreement entered into between the executive and the Company and complying with the provisions of the Change of Control Severance Agreement. Additionally, the receipt of any severance payment under the Change of Control Severance Agreement is conditioned on the executive signing and not revoking a separation agreement and release of claims with the Company, with such release to be effective no later than March 15 of the year following the year in which the termination occurs.

Excise Tax Under Change of Control Severance Agreement

In the event that the severance payments and other benefits payable to the executive pursuant to his or her Change of Control Severance Agreement constitute "parachute payments" under Section 280G of the U.S. tax code and would be subject to the applicable excise tax, then the executive's severance benefits will be either (1) delivered in full or (2) delivered to such lesser extent which would result in no portion of such benefits being subject to the excise tax, whichever results in the receipt by the executive on an after-tax basis of the greatest amount of benefits.

Definitions Contained in Change of Control Severance Agreement

Each Change of Control Severance Agreement defines "Cause" as: (1) the executive's continued intentional and demonstrable failure to perform his or her duties customarily associated with his or her position (other than any such failure resulting from the executive's mental or physical disability) after the executive has received a written demand of performance from the Company and the executive has failed to cure such nonperformance within 30 days after receiving such notice; (2) the executive's conviction of, or plea of nolo contendere to, a felony that the Board of Directors reasonably believes has had or will have a material detrimental effect on the Company's reputation or business; or (3) the executive's commission of an act of fraud, embezzlement, misappropriation, willful misconduct, or breach of fiduciary duty against, and causing material harm to, the Company.

Each Change of Control Severance Agreement defines "Change of Control" as any of the following events: (1) a change in the ownership of the Company which occurs on the date that any one person, or more than one person acting as a group (Person), acquires ownership of the stock of the Company that, together with the stock held by such Person, constitutes more than 50% of the total voting power of the stock of the Company, except that any change in the ownership of the stock of the Company as a result of a private financing of the Company that is approved by the Board of Directors will not be considered a Change of Control; (2) a change in the effective control of the Company which occurs on the date that a majority of members of the Board of Directors is replaced during any 12-month period by directors whose appointment or election is not endorsed by a majority of the members of the Board prior to the date of the appointment or election; or (3) a change in the ownership of a substantial portion of the Company's assets which occurs on the date that any Person acquires (or has acquired during the 12 month period ending on the date of the most recent acquisition by such person or persons) assets from the Company that have a total gross fair market value equal to or more than 50% of the total gross fair market value of all of the assets of the Company immediately prior to such acquisition or acquisitions. Notwithstanding the foregoing provisions of this definition, a transaction will not be deemed a Change of Control unless the transaction qualifies as a change in control event within the meaning of Section 409A of the Internal Revenue Code.

Mr. Warmenhoven's Change of Control Severance Agreement defines "Good Reason" as his termination of employment within 90 days following the expiration of any cure period following the occurrence of any of following, without his consent: (1) a material reduction of his authority or responsibilities, or a change in his reporting position such that he no longer reports directly to the Board of Directors of the parent corporation in a group of controlled corporations following a Change of Control; (2) a material reduction his base salary or target annual incentive (Base Compensation), unless the Company also similarly reduces the Base Compensation of all other employees of the Company; (3) a material change in the geographic location at which the executive must perform services; (4) any purported termination of the executive's employment for "Cause" without first satisfying the procedural protections set forth in his agreement; or (5) the failure of the Company to obtain the assumption of

the agreement by a successor and/or acquirer and an agreement that the executive will retain the substantially similar responsibilities in the acquirer or the merged or surviving company as he had prior to the transaction.

Mr. Gomo's Change of Control Severance Agreement defines "Good Reason" as his termination of employment within 90 days following the expiration of any cure period following the occurrence of any of the following, without his consent: (1) a material reduction of his authority or responsibilities, or a change in his reporting position such that he no longer reports directly to the Chief Executive Officer of the parent corporation in a group of controlled corporations following a Change of Control; (2) a material reduction in his base salary or target annual incentive (Base Compensation), unless the Company also similarly reduces the Base Compensation of all other employees of the Company; (3) a material change in the geographic location at which the executive must perform services; (4) any purported termination of the executive's employment for "Cause" without first satisfying the procedural protections set forth in his agreement; or (5) the failure of the Company to obtain the assumption of the agreement by a successor and/or acquirer and an agreement that the executive will retain the substantially similar responsibilities in the acquirer or the merged or surviving company as he had prior to the transaction.

The Change of Control Severance Agreement for each of the remaining named executive officers defines Good Reason" as the termination of employment within 90 days following the occurrence of any of the following, without the executive's consent: (1) a material reduction of the executive's authority or responsibilities, or a change in the executive's reporting position such that the executive no longer reports directly to the officer position or its functional equivalent to which the executive was reporting immediately prior to such change in reporting position (unless the executive is reporting to the comparable officer position of the parent corporation in a group of controlled corporations following a Change of Control); (2) a material reduction in the executive's base salary or target annual incentive (Base Compensation), unless the Company also similarly reduces the Base Compensation of all other employees of the Company with positions, duties and responsibilities comparable to the executive's; (3) a material change in the geographic location at which the executive must perform services; (4) any purported termination of the executive's employment for "Cause" without first satisfying the procedural protections set forth in his or her agreement; or (5) the failure of the Company to obtain the assumption of the agreement by a successor and/or acquirer and an agreement that the executive will retain the substantially similar responsibilities in the acquirer or the merged or surviving company as he or she had prior to the transaction.

Estimated Payments Pursuant to Change of Control Severance Agreements

As described above, on June 19, 2008, the Compensation Committee approved the terms of Change of Control Severance Agreements with various executives, including each of the named executive officers. The following table provides information concerning the estimated payments and benefits that would be provided in the circumstances described above for each of the named executive officers pursuant to the Change of Control Severance Agreements. Payments and benefits are estimated assuming that the triggering event took place on the last business day of fiscal year 2008 (April 25, 2008), and the price per share of the Company’s common stock is the closing price of the NASDAQ Global Select Market as of that date (\$23.44). There can be no assurance that a triggering event would produce the same or similar results as those estimated below if such event occurs on any other date or at any other price, or if any other assumption used to estimate potential payments and benefits is not correct. Due to the number of factors that affect the nature and amount of any potential payments of benefits, any actual payments and benefits may be different.

- (2) Reflects the aggregate value of unvested option grants with exercise prices less than or equal to \$23.44 and other equity awards. For unvested option grants with an exercise price less than or equal to \$23.44, aggregate market value is determined by multiplying (1) the number of shares subject to such options as of April 25, 2008 by (2) the difference between \$23.44 and the exercise price of such options. Does not reflect any dollar value associated with the acceleration of options with exercise prices in excess of \$23.44. For unvested restricted stock, aggregate market value is determined by multiplying (1) the number of shares subject to such awards as of April 25, 2008 by (2) \$23.44
- (3) Assumes the executive does not elect to continue coverage of employee benefits under COBRA, but assumes continued coverage under the Company's Executive Medical Retirement Plan.

Additionally, the executive will be entitled to accelerated vesting as to an additional 50% of the then unvested portion of all of his outstanding equity awards granted after June 19, 2008 that are scheduled to vest pursuant to performance-based criteria.
- (6) Pursuant to Mr. Warmenhoven's Change of Control Severance Agreement, if he elects continuation coverage pursuant to COBRA for himself and his eligible dependents, the Company will reimburse him for the COBRA premiums for such coverage until the earlier of (1) 24 months, or (2) the date upon which Mr. Warmenhoven and/or his eligible dependents are covered under similar plans.

In fiscal year 2008, the members of the Board received an annual cash retainer for their service as directors in the amount of \$30,000. Audit Committee members received an additional \$10,000, and Compensation Committee and Nominating/Governance committee members received an additional \$5,000 per committee. The Chair of the Audit Committee received an additional \$5,000 in cash. Nonemployee Directors are eligible to receive stock options under the Automatic Option Grant Program in effect under the 1999 Plan, under which option grants to purchase shares of common stock at an exercise price equal to 100% of the fair market value of the option shares on the grant date are automatically made at periodic intervals to eligible nonemployee Board members. Directors who served as Chair of the Board or the Chair of one of the committees of the Board received an additional stock grant of 5,000 shares under the 1995 Plan with an exercise price equal to 100% of the fair market value of the option shares on the grant date.

After conducting a survey and peer group analysis based upon the Compensation Peer Group, the Compensation Committee determined that the annual compensation of the Board should be increased to remain competitive with current market trends. Therefore, for fiscal year 2009, members of the Board will receive an annual cash retainer for their service as directors, in the amount of \$50,000. Audit Committee members shall receive an additional \$15,000 in cash. Compensation Committee members shall receive an additional \$8,000 in cash and Nominating/Governance Committee members shall receive an additional \$6,500 in cash. Investment and Acquisition Committee members shall receive an additional \$3,000 in cash. The Chair of the Audit Committee shall receive an additional \$30,000 in cash. The Chair of the Compensation Committee shall receive an additional \$16,000 in cash. The Chair of the Nominating/Governance Committee shall receive an additional \$13,000 in cash and the Chair of the Investment and Acquisition Committee shall receive an additional \$7,000 in cash. The Lead Independent Director shall receive an additional \$10,000 in cash. Directors who serve as the Chair of one of the committees of the Board will receive an additional stock option grant under the 1999 Plan, assuming approval of Proposal No. 2 of this Proxy Statement, to purchase 5,000 shares of common stock per Chair, with a per share exercise price equal to the fair market value on the date of the grant. Each option grant has a term of seven years measured from the grant date, subject to earlier termination following the Director's cessation of committee service, and is immediately exercisable for all the option shares. However, any shares purchased upon exercise of the option are subject to repurchase by the Company, at the option exercise price paid per share, should the Director cease service on the committee prior to vesting in those shares. The shares subject to each such 5,000 share grant will vest (and the Company's repurchase right as to those shares will terminate) upon the Director's completion of one term of committee service measured from the grant date and continuing through the day immediately preceding the next Annual Stockholders Meeting.

At the 2007 Annual Stockholders Meeting held on September 19, 2007, each of the following individuals reelected as a nonemployee Board member at that meeting received an option grant for 20,000 shares of common stock under the Automatic Option Grant Program of the 1999 Plan with a per share exercise price of \$27.02, the fair market value per share of common stock on the grant date: Mr. Allen, Ms. Bartz, Mr. Earhart, Mr. Kozel, Mr. Leslie, Mr. Moore, Mr. Shaheen, Mr. Valentine, and Mr. Wall. Each such option grant has a term of seven years measured from the grant date, subject to earlier termination following the Director's cessation of Board service, and is immediately exercisable for all the option shares. However, any shares purchased upon exercise of the option are subject to repurchase by the Company, at the per share exercise price, should the Director cease service on the Board prior to vesting of those purchased shares. The shares subject to each such 20,000-share grant will vest (and the Company's repurchase right as to those shares will terminate) upon the Director's completion of one term of Board service measured from the grant date and continuing through the day immediately preceding the next Annual Stockholders Meeting (that is, approximately September 1, 2008).

At the 2007 Annual Stockholders Meeting held on September 19, 2007, the following individuals received option grants of common stock for service as Chair of the Board or Chair of one of the committees of the Board: Mr. Valentine, 5,000 shares for serving as Chair of the Board and 5,000 shares for serving as Chair of the Nominating/Corporate Governance Committee; Ms. Bartz, 5,000 shares for serving as Chair of the Compensation Committee; Mr. Moore, 5,000 shares for serving as Chair of the Audit Committee; and Mr. Allen 5,000 shares for serving as Chair of the Investment Committee. Each option grant has a per share exercise price of \$27.02, the fair market value per share of common stock on the grant date, and a term of seven years measured from the grant date, subject to earlier termination following the Director's cessation of Board service, and is immediately exercisable for all the option shares. However, any shares purchased upon exercise of the option are subject to repurchase by the Company, at the option exercise price paid per share, should the Director cease service on the Board prior to vesting in those shares. The shares subject to each grant will vest (and the Company's repurchase right as to those shares will terminate) upon the Director's completion of one term of Board service measured from the grant date and continuing through the day immediately preceding the next Annual Stockholders Meeting (that is, approximately September 1, 2008).

AUDIT COMMITTEE REPORT

The following is the report of the Audit Committee with respect to the Company's audited financial statements for the fiscal year ended April 25, 2008, which are included in the Company's Annual Report on Form 10-K for that fiscal year.

In accordance with its written charter, the Audit Committee oversees and assists the Board in fulfilling its responsibility for monitoring the quality and integrity of the accounting, auditing and financial reporting practices of the Company. The Audit Committee reviews the Charter annually to reassess the adequacy of the Charter. During fiscal 2008, the Audit Committee reviewed the Charter in accordance with current regulations and requirements. In addition, the Audit Committee discussed the interim financial information contained in each quarterly earnings announcement with the chief financial officer, corporate controller and independent auditors prior to public release. The Audit Committee is directly responsible for the appointment, compensation, retention, termination, and oversight of the work of the Company's internal and independent auditors, and such internal and independent auditors report directly to the Audit Committee.

Management is responsible for the Company's internal controls over financial reporting and for the preparation of the consolidated financial statements. The Company's independent auditors are responsible for performing an independent audit of the Company's consolidated financial statements in accordance with auditing standards generally accepted in the United States of America and to issue a report thereon. The Audit Committee has general oversight responsibility with respect to the Company's financial reporting and reviews the scope of the internal and independent audits, the results of the audits and other nonaudit services provided by the Company's independent auditors.

In this context, the Audit Committee has met and held discussions with management and the Company's independent auditors. Management represented to the Audit Committee that the Company's consolidated financial statements were prepared in accordance with accounting principles generally accepted in the United States of America, and the Audit Committee has reviewed and discussed the consolidated financial statements with management and the Company's independent auditors. The Audit Committee discussed with the independent auditors matters required to be discussed by Statement on Auditing Standards No. 61, as amended ("Communications with Audit Committees"), by the Auditing Standards Board of the American Institute of Certified Public Accountants.

The Company's independent auditors also provided to the Audit Committee the written disclosures required by Independence Standards Board Standard No. 1 ("Independence Discussions with Audit Committees"), and the

[Table of Contents](#)

Audit Committee discussed with the independent auditors their independence and satisfied itself as to the auditors' independence.

Based upon the Audit Committee's discussion with management and the independent auditors and the Audit Committee's review of the representations of management and the report of the independent auditors to the Audit Committee, the Audit Committee recommended to the Board of Directors that the Company's audited consolidated financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended April 25, 2008, as filed with the SEC on June 24, 2008.

Finally, the Audit Committee believes that each of the members of the Audit Committee is "independent" as determined by the Board of Directors and in compliance with the rules of the National Association of Securities Dealers, Inc. and the Exchange Act.

1999 STOCK OPTION PLAN
AS AMENDED AND RESTATED THROUGH JULY 11, 2008

ARTICLE ONE
GENERAL PROVISIONS

I. PURPOSE OF THE PLAN

This 1999 Stock Option Plan is intended to promote the interests of NetApp, Inc., a Delaware corporation, by providing eligible persons with the opportunity to acquire a proprietary interest, or otherwise increase their proprietary interest, in the Corporation as an incentive for them to remain in the service of the Corporation.

Capitalized terms shall have the meanings assigned to such terms in the attached Appendix.

All share numbers in this document reflect (i) the 2-for-1 split of the Common Stock effected on December 20, 1999 and (ii) the 2-for-1 split of the Common Stock effected on March 22, 2000.

II. STRUCTURE OF THE PLAN

A. The Plan shall be divided into five separate equity programs:

(i) the Discretionary Option Grant Program under which eligible persons may, at the discretion of the Plan Administrator, be granted options to purchase shares of Common Stock,

(ii) the Stock Appreciation Rights Program under which eligible persons may, at the discretion of the Plan Administrator, be granted stock appreciation rights that will allow individuals to receive the appreciation in Fair Market Value of the Shares subject to the award between the exercise date and the date of grant,

(iii) the Stock Issuance Program under which eligible persons may, at the discretion of the Plan Administrator, be issued shares of Common Stock directly, either through the issuance or immediate purchase of such shares or as a bonus for services rendered the Corporation (or any Parent or Subsidiary),

(iv) the Performance Share and Performance Unit Program under which eligible persons may, at the discretion of the Plan

Administrator, be granted performance shares and performance units, which are awards that will result in a payment to a Participant only if the performance goals or other vesting criteria the established by the Plan Administrator are achieved or the awards otherwise vest, or

(v) the Automatic Option Grant Program under which non-employee Board members shall automatically receive option grants at periodic intervals to purchase shares of Common Stock.

B. The provisions of Articles One and Seven shall apply to all equity programs under the Plan and shall accordingly govern the interests of all persons under the Plan.

III. ADMINISTRATION OF THE PLAN

A. The Primary Committee shall have sole and exclusive authority to administer the Discretionary Option Grant, the Stock Appreciation Rights Program, Stock Issuance Programs and the Performance Share and Performance Unit Program with respect to Section 16 Insiders. Administration of the Discretionary Option Grant, Stock Appreciation Rights, Stock Issuance and Performance Share and Performance Unit Programs with respect to all other eligible persons may, at the Board's discretion, be vested in the Primary Committee or a Secondary Committee, or the Board may retain the power to administer that program with respect to all such persons.

B. Members of the Primary Committee or any Secondary Committee shall serve for such period of time as the Board may determine and may be removed by the Board at any time. The Board may also at any time terminate the functions of any Secondary Committee and reassume all powers and authority previously delegated to such committee.

C. Each Plan Administrator shall, within the scope of its administrative functions under the Plan, have full power and authority to establish such rules and regulations as it may deem appropriate for proper administration of the Discretionary Option Grant, Stock Appreciation Rights, Stock Issuance and Performance Share and Performance Unit Programs and to make such determinations under, and issue such interpretations of, the provisions of such programs and any outstanding options thereunder as it may deem necessary or advisable. Decisions of the Plan Administrator within the scope of its administrative functions under the Plan shall be final and binding on all parties who have an interest in the Discretionary Option Grant, Stock Appreciation Rights, Stock Issuance or Performance Share and Performance Unit Program under its jurisdiction or any award granted thereunder.

D. Service by Board members on the Primary Committee or the Secondary Committee shall constitute service as a Board member, and Board members of each such committee shall accordingly be entitled to full indemnification and reimbursement as Board members for their service on such committee. No member of the Primary Committee or the Secondary Committee shall be liable for any act or omission made in good faith with respect to the Plan or any option grants under the Plan.

[Table of Contents](#)

E. Administration of the Automatic Option Grant Program shall be self-executing in accordance with the terms of that program, and no Plan Administrator shall exercise any discretionary functions with respect to option grants made thereunder.

IV. ELIGIBILITY

A. The persons eligible to participate in the Discretionary Option Grant, Stock Appreciation Rights, Stock Issuance and Performance Share and Performance Unit Programs are as follows:

- (i) Employees,
- (ii) non-employee Board members, and
- (iii) consultants and other independent advisors who provide services to the Corporation (or any Parent or Subsidiary).

B. Each Plan Administrator shall, within the scope of its administrative jurisdiction under the Plan, have full authority (subject to the provisions of the Plan) to determine (i) with respect to the Discretionary Option Grant and Stock Appreciation Rights Programs, which eligible persons are to receive awards under the Discretionary Option Grant and Stock Appreciation Rights Programs, the time or times when such awards are to be made, the number of shares to be covered by each such grant, the status of an option as either an Incentive Option or a Non-Statutory Option, the time or times when each award is to become exercisable, the vesting schedule (if any) applicable to the award, the maximum term for which the award is to remain outstanding, and whether to modify or amend each award, including the discretionary authority to extend the post-termination exercisability period of awards longer than is otherwise provided for in the Plan, and (ii) with respect to awards granted under the Stock Issuance and Performance Share and Performance Unit Programs, which eligible persons are to receive awards, the time or times when such awards are to be made, the number of shares subject to awards to be issued to each Participant, the vesting schedule (if any) applicable to the awards and the consideration, if any, to be paid for shares subject to such awards.

C. Only non-employee Board members shall be eligible to participate in the Automatic Option Grant Program.

V. STOCK SUBJECT TO THE PLAN

A. The stock issuable under the Plan shall be shares of authorized but unissued or reacquired Common Stock, including shares repurchased by the Corporation on the open market. The maximum number of shares of Common Stock which may be issued over the term of the Plan shall not exceed 101,000,000 shares. Such authorized share reserve is comprised of (i) the 13,200,000 shares of Common Stock initially authorized for issuance under the Plan, (ii) an additional increase of 15,000,000 shares authorized by the Board on August 17, 2000 and approved by the stockholders at the 2000 Annual Meeting, (iii) an additional increase of 13,400,000 shares authorized by the Board on August 9, 2001 and approved by the

[Table of Contents](#)

stockholders at the 2001 Annual Meeting, (iv) an additional increase of 14,000,000 shares authorized by the Board on July 2, 2002 and approved by the stockholders at the 2002 Annual Meeting, (v) an additional increase of 10,200,000 shares authorized by the Board on July 7, 2004 and approved by the stockholders at the 2004 Annual Meeting, (vi) an additional increase of 10,600,000 shares authorized by the Board on July 1, 2005 and approved by the stockholders at the 2005 Annual Meeting, (vii) an additional increase of 10,900,000 shares authorized by the Board on July 10, 2006 and approved by the stockholders at the 2006 Annual Meeting, (viii) an additional increase of 7,200,000 shares authorized by the Board on July 13, 2007 and approved by the stockholders at the 2007 Annual Meeting, plus (ix) an additional increase of 6,600,000 shares authorized by the Board on July 11, 2008 and approved by the stockholders at the 2008 Annual Meeting. Such authorized share reserve shall be in addition to the number of shares of Common Stock reserved for issuance under the Corporation's 1995 Stock Incentive Plan and the Corporation's Special Non-Officer Stock Option Plan, and share issuances under this Plan shall not reduce or otherwise affect the number of shares of Common Stock available for issuance under the 1995 Stock Incentive Plan or the Special Non-Officer Stock Option Plan. In addition, share issuances under such plans shall not reduce or otherwise affect the number of shares of Common Stock available for issuance under this Plan.

B. No one person participating in the Plan may receive stock options and/or stock appreciation rights under the Plan for more than 3,000,000 shares of Common Stock in the aggregate per calendar year.

C. Shares of Common Stock subject to outstanding options or stock appreciation rights shall be available for subsequent issuance under the Plan to the extent the options or stock appreciation rights expire or terminate for any reason prior to exercise in full. In addition, any unvested shares issued under the Plan and subsequently repurchased or reacquired by the Corporation pursuant to the Corporation's repurchase rights under the Plan shall be added back to the number of shares of Common Stock reserved for issuance under the Plan and shall accordingly be available for reissuance through one or more subsequent awards under the Plan. Should the exercise price of an award under the Plan be paid with shares of Common Stock or should shares of Common Stock otherwise issuable under the Plan be withheld by the Corporation in satisfaction of the withholding taxes incurred in connection with the exercise of an award or the vesting or disposition of exercised shares or stock issuances under the Plan, then the number of shares of Common Stock available for issuance under the Plan shall be reduced by the gross number of shares for which the award is exercised or the gross number of exercised shares or stock issuances which vest, and not by the net number of shares of Common Stock issued to the holder of such award or exercised shares or stock issuances.

D. Should any change be made to the Common Stock by reason of any stock split, stock dividend, recapitalization, combination of shares, exchange of shares or other change affecting the outstanding Common Stock as a class without the Corporation's receipt of consideration, appropriate adjustments shall be made to (i) the maximum number and/or class of securities issuable under the Plan, (ii) the maximum number and/or class of securities for which any one person may be granted stock options and/or stock appreciation rights or awards under the Stock Issuance and Performance Share and Performance Unit Programs per calendar year, (iii) the number and/or class of securities for which automatic option grants are to be made

subsequently under the Automatic Option Grant Program and (iv) the number and/or class of securities and the exercise price per share in effect under each outstanding award in order to prevent the dilution or enlargement of benefits thereunder. The adjustments determined by the Plan Administrator shall be final, binding and conclusive.

ARTICLE TWO

DISCRETIONARY OPTION GRANT PROGRAM

I. OPTION TERMS

Each option shall be evidenced by one or more documents in the form approved by the Plan Administrator; provided, however, that each such document shall comply with the terms specified below. Each document evidencing an Incentive Option shall, in addition, be subject to the provisions of the Plan applicable to such options.

A. Exercise Price.

1. The exercise price per share shall be fixed by the Plan Administrator but shall not be less than one hundred percent (100%) of the Fair Market Value per share of Common Stock on the option grant date.

2. The exercise price shall become immediately due upon exercise of the option and shall be payable in one or more of the forms specified by the Plan Administrator, including without limitation, by one of the following forms of consideration:

(i) cash or check made payable to the Corporation,

(ii) shares of Common Stock held for the requisite period necessary to avoid a charge to the Corporation's earnings for financial reporting purposes and valued at Fair Market Value on the Exercise Date, or

(iii) to the extent the option is exercised for vested shares, through a special sale and remittance procedure pursuant to which the Optionee shall concurrently provide irrevocable instructions to (a) a brokerage firm reasonably satisfactory to the Corporation for purposes of administering such procedure to effect the immediate sale of the purchased shares and remit to the Corporation, out of the sale proceeds available on the settlement date, sufficient funds to cover the aggregate exercise price payable for the purchased shares plus all applicable Federal, state and local income and employment taxes required to be withheld by the Corporation by reason of such exercise and (b) the Corporation to deliver the certificates for the purchased shares directly to such brokerage firm in order to complete the sale transaction.

Except to the extent such sale and remittance procedure is utilized, payment of the exercise price for the purchased shares must be made on the Exercise Date.

B. Exercise and Term of Options. Each option shall be exercisable at such time or times, during such period and for such number of shares as shall be determined by the Plan Administrator and set forth in the documents evidencing the option. However, no option shall have a term in excess of seven (7) years measured from the option grant date.

C. Effect of Termination of Service

1. The following provisions shall govern the exercise of any options held by the Optionee at the time of cessation of Service or death:

(i) Any option outstanding at the time of the Optionee's cessation of Service for any reason shall remain exercisable for such period of time thereafter as shall be determined by the Plan Administrator and set forth in the documents evidencing the option, but no such option shall be exercisable after the expiration of the option term.

(ii) Any option exercisable in whole or in part by the Optionee at the time of death may be exercised subsequently by the personal representative of the Optionee's estate or by the person or persons to whom the option is transferred pursuant to the Optionee's will or in accordance with the laws of descent and distribution.

(iii) During the applicable post-Service exercise period, the option may not be exercised in the aggregate for more than the number of vested shares for which the option is exercisable on the date of the Optionee's cessation of Service. Upon the expiration of the applicable exercise period or (if earlier) upon the expiration of the option term, the option shall terminate and cease to be outstanding for any vested shares for which the option has not been exercised. However, the option shall, immediately upon the Optionee's cessation of Service, terminate and cease to be outstanding to the extent the option is not otherwise at that time exercisable for vested shares.

(iv) Should the Optionee's Service be terminated for Misconduct, then all outstanding options held by the Optionee shall terminate immediately and cease to be outstanding.

2. The Plan Administrator shall have the discretion, exercisable either at the time an option is granted or at any time while the option remains outstanding, to:

(i) extend the period of time for which the option is to remain exercisable following the Optionee's cessation of Service from the period otherwise in effect for that option to such greater period of time as the Plan Administrator shall deem appropriate, but in no event beyond the expiration of the option term, and/or

(ii) permit the option to be exercised, during the applicable post-Service exercise period, not only with respect to the number of vested shares of Common Stock for which such option is exercisable at the time of the Optionee's cessation of Service but also with respect to one or more additional installments in which the Optionee would have vested under the option had the Optionee continued in Service.

Table of Contents

D. **Stockholder Rights**. The holder of an option shall have no stockholder rights with respect to the shares subject to the option until such person shall have exercised the option, paid the exercise price and become a holder of record of the purchased shares.

E. **Repurchase Rights**. The Plan Administrator shall have the discretion to grant options which are exercisable for unvested shares of Common Stock. Should the Optionee cease Service while holding such unvested shares, the Corporation shall have the right to repurchase, at the exercise price paid per share, any or all of those unvested shares. The terms upon which such repurchase right shall be exercisable (including the period and procedure for exercise and the appropriate vesting schedule for the purchased shares) shall be established by the Plan Administrator and set forth in the document evidencing such repurchase right.

F. **Limited Transferability of Options**. During the lifetime of the Optionee, Incentive Options shall be exercisable only by the Optionee and shall not be assignable or transferable other than by will or by the laws of inheritance following the Optionee's death. However, Non-Statutory Options may be assigned in whole or in part during the Optionee's lifetime to one or more members of the Optionee's family or to a trust established exclusively for one or more such family members or the Optionee's former spouse, to the extent such assignment is in connection with the Optionee's estate plan, or to the Optionee's former spouse pursuant to a domestic relations order. The person or persons who acquire a proprietary interest in the option pursuant to the assignment may only exercise the assigned portion. The terms applicable to the assigned portion shall be the same as those in effect for the option immediately prior to such assignment and shall be set forth in such documents issued to the assignee as the Plan Administrator may deem appropriate.

II. INCENTIVE OPTIONS

The terms specified below shall be applicable to all Incentive Options. Except as modified by the provisions of this Section II, all the provisions of Articles One, Two and Five shall be applicable to Incentive Options. Options which are specifically designated as Non-Statutory Options when issued under the Plan shall not be subject to the terms of this Section II.

A. **Eligibility**. Incentive Options may only be granted to Employees.

B. **Dollar Limitation**. The aggregate Fair Market Value of the shares of Common Stock (determined as of the respective date or dates of grant) for which one or more options granted to any Employee under the Plan (or any other option plan of the Corporation or any Parent or Subsidiary) may for the first time become exercisable as Incentive Options during any one (1) calendar year shall not exceed the sum of One Hundred Thousand Dollars (\$100,000). To the extent the Employee holds two (2) or more such options which become exercisable for the first time in the same calendar year, the foregoing limitation on the exercisability of such options as Incentive Options shall be applied on the basis of the order in which such options are granted.

C. **10% Stockholder**. If any Employee to whom an Incentive Option is granted is a 10% Stockholder, then the exercise price per share shall not be less than one hundred

[Table of Contents](#)

ten percent (110%) of the Fair Market Value per share of Common Stock on the option grant date, and the option term shall not exceed five (5) years measured from the option grant date.

III. CORPORATE TRANSACTION/CHANGE IN CONTROL

A. Each option, to the extent outstanding under the Plan at the time of a Corporate Transaction but not otherwise exercisable for all the option shares, shall automatically accelerate so that each such option shall, immediately prior to the effective date of the Corporate Transaction, become exercisable for all of the shares of Common Stock at the time subject to such option and may be exercised for any or all of those shares as fully-vested shares of Common Stock. However, an outstanding option shall not become exercisable on such an accelerated basis if and to the extent: (i) such option is, in connection with the Corporate Transaction, to be assumed by the successor corporation (or parent thereof) or replaced with a comparable option to purchase shares of the capital stock of the successor corporation (or parent thereof), (ii) such option is to be replaced with a cash incentive program of the successor corporation which preserves the spread existing on the unvested option shares at the time of the Corporate Transaction and provides for subsequent payout in accordance with the same vesting schedule applicable to those option shares or (iii) the acceleration of such option is subject to other limitations imposed by the Plan Administrator at the time of the option grant. The determination of option comparability under clause (i) above shall be made by the Plan Administrator, and its determination shall be final, binding and conclusive.

B. All outstanding repurchase rights shall also terminate automatically, and the shares of Common Stock subject to those terminated rights shall immediately vest in full, in the event of any Corporate Transaction, except to the extent: (i) those repurchase rights are to be assigned to the successor corporation (or parent thereof) in connection with such Corporate Transaction or (ii) such accelerated vesting is precluded by other limitations imposed by the Plan Administrator at the time the repurchase right is issued.

C. Immediately following the consummation of the Corporate Transaction, all outstanding options shall terminate and cease to be outstanding, except to the extent assumed by the successor corporation (or parent thereof).

D. Each option which is assumed in connection with a Corporate Transaction shall be appropriately adjusted, immediately after such Corporate Transaction, to apply to the number and class of securities which would have been issuable to the Optionee in consummation of such Corporate Transaction had the option been exercised immediately prior to such Corporate Transaction. Appropriate adjustments to reflect such Corporate Transaction shall also be made to (i) the exercise price payable per share under each outstanding option, provided the aggregate exercise price payable for such securities shall remain the same, (ii) the maximum number and/or class of securities available for issuance over the remaining term of the Plan and (iii) the maximum number and/or class of securities for which any one person may be granted stock options under the Plan per calendar year.

E. The Plan Administrator shall have the full power and authority to accelerate the vesting of options granted under the Discretionary Option Grant Program upon a

Corporate Transaction or Change in Control or upon an event or events occurring in connection with such transactions. The portion of any Incentive Option accelerated in connection with a Corporate Transaction or Change in Control shall remain exercisable as an Incentive Option only to the extent the applicable One Hundred Thousand Dollar limitation is not exceeded. To the extent such dollar limitation is exceeded, the accelerated portion of such option shall be exercisable as a Non-Qualified Option under the Federal tax laws.

F. The outstanding options shall in no way affect the right of the Corporation to adjust, reclassify, reorganize or otherwise change its capital or business structure or to merge, consolidate, dissolve, liquidate or sell or transfer all or any part of its business or assets.

IV. REPRICING OR CANCELLATION AND REGRANT OF OPTIONS

The Plan Administrator may not modify or amend a stock option or stock appreciation right to reduce the exercise price of such stock option or stock appreciation right after it has been granted (except for adjustments made pursuant to Article One Section V.D.), unless approved by the Company's stockholders and neither may the Plan Administrator, without the approval of the Corporation's stockholders, cancel any outstanding stock option or stock appreciation right and immediately replace it with a new stock option or stock appreciation right with a lower exercise price.

ARTICLE THREE

STOCK APPRECIATION RIGHTS PROGRAM

I. STOCK APPRECIATION RIGHT TERMS

Each stock appreciation right shall be evidenced by one or more documents in the form approved by the Plan Administrator; provided, however, that each such document shall comply with the terms specified below.

A. Exercise Price.

1. The exercise price per share shall be fixed by the Plan Administrator but shall not be less than one hundred percent (100%) of the Fair Market Value per share of Common Stock on the option grant date.

B. Payment of SAR Amount. Upon exercise of a stock appreciation right, a Participant will be entitled to receive payment from the Company in an amount determined by multiplying:

1. The difference between the Fair Market Value of a share of Common Stock on the date of exercise over the exercise price; times
2. The number of shares of Common Stock with respect to which the stock appreciation right is exercised.

At the discretion of the Plan Administrator, the payment upon the exercise of a stock appreciation right may be in cash, in shares of Common Stock of equivalent value, or in some combination thereof.

C. Exercise and Term of Stock Appreciation Rights. Each stock appreciation right shall be exercisable at such time or times, during such period and for such number of shares as shall be determined by the Plan Administrator and set forth in the documents evidencing the stock appreciation right. However, no stock appreciation right shall have a term in excess of seven (7) years measured from the stock appreciation right grant date.

D. Effect of Termination of Service. A stock appreciation right granted under the Plan will expire upon the date determined by the Plan Administrator, in its sole discretion, and set forth in the agreement evidencing the award. Notwithstanding the foregoing, the rules of Article Two Section I.C. also will apply to stock appreciation rights.

E. Stockholder Rights. The holder of a stock appreciation right shall have no stockholder rights with respect to the shares subject to the stock appreciation right until such person shall have exercised the stock appreciation right and become a holder of record of shares, if any, issued thereunder.

II. CORPORATE TRANSACTION/CHANGE IN CONTROL

A. Each stock appreciation right, to the extent outstanding under the Plan at the time of a Corporate Transaction but not otherwise exercisable for all the shares subject thereto, shall automatically accelerate so that each such stock appreciation right shall, immediately prior to the effective date of the Corporate Transaction, become exercisable for all of the shares of Common Stock at the time subject to such stock appreciation right and may be exercised for any or all of those shares as fully-vested shares of Common Stock. However, an outstanding stock appreciation right shall not become exercisable on such an accelerated basis if and to the extent: (i) such stock appreciation right is, in connection with the Corporate Transaction, to be assumed by the successor corporation (or parent thereof) or replaced with a comparable award, (ii) such stock appreciation right is to be replaced with a cash incentive program of the successor corporation which preserves the spread existing on the unvested shares subject to the award at the time of the Corporate Transaction and provides for subsequent payout in accordance with the same vesting schedule applicable to the award or (iii) the acceleration of such stock appreciation right is subject to other limitations imposed by the Plan Administrator at the time of grant. The determination of stock appreciation right comparability under clause (i) above shall be made by the Plan Administrator, and its determination shall be final, binding and conclusive.

B. Immediately following the consummation of the Corporate Transaction, all outstanding stock appreciation rights shall terminate and cease to be outstanding, except to the extent assumed by the successor corporation (or parent thereof).

C. Each stock appreciation right which is assumed in connection with a Corporate Transaction shall be appropriately adjusted, immediately after such Corporate Transaction, to apply to the number and class of securities which would have been issuable to the Participant in consummation of such Corporate Transaction had the stock appreciation right been exercised immediately prior to such Corporate Transaction. Appropriate adjustments to reflect such Corporate Transaction shall also be made to (i) the exercise price payable per share under each outstanding stock appreciation right, provided the aggregate exercise price for such award shall remain the same, (ii) the maximum number and/or class of securities available for issuance over the remaining term of the Plan, and (iii) the maximum number and/or class of securities for which any one person may be granted stock appreciation rights under the Plan per calendar year.

D. The Plan Administrator shall have the full power and authority to accelerate the vesting of stock appreciation rights granted under the Stock Appreciation Rights Program upon a Corporate Transaction or Change in Control or upon an event or events occurring in connection with such transactions.

E. The outstanding stock appreciation rights shall in no way affect the right of the Corporation to adjust, reclassify, reorganize or otherwise change its capital or business structure or to merge, consolidate, dissolve, liquidate or sell or transfer all or any part of its business or assets.

III. REPRICING OR CANCELLATION AND REGRANT OF STOCK APPRECIATION RIGHTS

The Plan Administrator may not modify or amend a stock option or stock appreciation right to reduce the exercise price of such stock option or stock appreciation right after it has been granted (except for adjustments made pursuant to Article One Section V.D.), unless approved by the Company's stockholders and neither may the Plan Administrator, without the approval of the Corporation's stockholders, cancel any outstanding stock option or stock appreciation right and immediately replace it with a new stock option or stock appreciation right with a lower exercise price.

ARTICLE FOUR
STOCK ISSUANCE PROGRAM

I. STOCK ISSUANCE TERMS

Shares of Common Stock may be issued under the Stock Issuance Program through direct and immediate issuances without any intervening option grants. Each such stock issuance shall be evidenced by a Stock Issuance Agreement which complies with the terms specified below. Shares of Common Stock may also be issued under the Stock Issuance Program pursuant to share right awards which entitle the recipients to receive those shares upon the attainment of designated performance goals. In no event may shares subject to awards under the Stock Issuance and Performance Share or Performance Unit Programs be issued for more than 30% of the sum of (A) the number of shares to be added to the Plan at the 2008 Annual Meeting, (B) the number of shares available to be granted pursuant to awards under the Plan (i.e., reserved but unissued) as of May 23, 2008, and (C) the number of shares subject to outstanding awards as of May 23, 2008 that actually return to the Plan pursuant to Article One, Section V, Clause C. To the extent any shares issued pursuant to awards granted under the Stock Issuance and Performance Share or Performance Unit Programs after May 23, 2008 are forfeited or otherwise return to the Plan, such shares will not count against the foregoing limit and may once again be issued pursuant to awards under the Stock Issuance and Performance Share or Performance Unit Programs as if the original award were never granted. The Plan Administrator, in its sole discretion, shall determine the number of shares of Common Stock to be granted to each Participant, provided that during any calendar year, no Participant shall receive more than 200,000 shares of Common Stock under the Stock Issuance Program.

A. Purchase Price.

1. The purchase price per share of Common Stock subject to direct issuance shall be fixed by the Plan Administrator.
2. Shares of Common Stock may be issued under the Stock Issuance Program for any item of consideration which the Plan Administrator may deem appropriate in each individual instance, including, without limitation, the following:
 - (i) cash or check made payable to the Corporation, or
 - (ii) past services rendered to the Corporation (or any Parent or Subsidiary).

B. Vesting/Issuance Provisions.

1. The Plan Administrator may issue shares of Common Stock under the Stock Issuance Program which are fully and immediately vested upon issuance or which are to vest in one or more installments over the Participant's period of Service or upon attainment of

[Table of Contents](#)

specified performance objectives. The elements of the vesting schedule applicable to any unvested shares of Common Stock issued under the Stock Issuance Program, namely:

- (i) the Service period to be completed by the Participant or the performance objectives to be attained,
- (ii) the number of installments in which the shares are to vest,
- (iii) the interval or intervals (if any) which are to lapse between installments, and
- (iv) the effect which death, Permanent Disability or other event designated by the Plan Administrator is to have upon the vesting schedule,

shall be determined by the Plan Administrator and incorporated into the Stock Issuance Agreement. For purposes of qualifying awards made under the Stock Issuance Program as “performance-based compensation” under Section 162(m) of the Code, the Plan Administrator, in its discretion, may set restrictions based upon the achievement of Performance Goals, which shall be set by the Plan Administrator on or before the Determination Date. In this connection, the Plan Administrator shall follow any procedures determined by it from time to time to be necessary or appropriate to ensure qualification of awards made under the Stock Issuance Program under Section 162(m) of the Code (e.g., in determining the Performance Goals).

2. Any new, substituted or additional securities or other property (including money paid other than as a regular cash dividend) which the Participant may have the right to receive with respect to his or her unvested shares of Common Stock by reason of any stock dividend, stock split, recapitalization, combination of shares, exchange of shares or other change affecting the outstanding Common Stock as a class without the Corporation’s receipt of consideration shall be issued subject to (i) the same vesting requirements applicable to the Participant’s unvested shares of Common Stock and (ii) such escrow arrangements as the Plan Administrator shall deem appropriate.

3. The Participant shall have full stockholder rights with respect to any shares of Common Stock issued to the Participant under the Stock Issuance Program, whether or not the Participant’s interest in those shares is vested. Accordingly, the Participant shall have the right to vote such shares and to receive any regular cash dividends paid on such shares.

4. Should the Participant cease to remain in Service while holding one or more unvested shares of Common Stock issued under the Stock Issuance Program or should the performance objectives not be attained with respect to one or more such unvested shares of Common Stock, then those shares shall be immediately surrendered to the Corporation for cancellation, and the Participant shall have no further stockholder rights with respect to those shares. To the extent the surrendered shares were previously issued to the Participant for cash

[Table of Contents](#)

consideration, unless the Plan Administrator provides otherwise, the Corporation shall repay that consideration to the Participant at the time the shares are surrendered.

5. The Plan Administrator may in its discretion waive the surrender and cancellation of one or more unvested shares of Common Stock (or other assets attributable thereto) which would otherwise occur upon the cessation of the Participant's Service or the non-attainment of the performance objectives applicable to those shares. Such waiver shall result in the immediate vesting of the Participant's interest in the shares of Common Stock as to which the waiver applies. Such waiver may be effected at any time, whether before or after the Participant's cessation of Service or the attainment or non-attainment of the applicable performance objectives.

6. Outstanding share right awards under the Stock Issuance Program shall automatically terminate, and no shares of Common Stock shall actually be issued in satisfaction of those awards, if the performance goals established for such awards are not attained. The Plan Administrator, however, shall have the discretionary authority to issue shares of Common Stock in satisfaction of one or more outstanding share right awards as to which the designated performance goals are not attained.

II. CORPORATE TRANSACTION/CHANGE IN CONTROL

A. All of the Corporation's outstanding repurchase rights under the Stock Issuance Program shall terminate automatically, and all the shares of Common Stock subject to those terminated rights shall immediately vest in full, in the event of any Corporate Transaction, except to the extent (i) those repurchase rights are to be assigned to the successor corporation (or parent thereof) in connection with such Corporate Transaction or (ii) such accelerated vesting is precluded by other limitations imposed in the Stock Issuance Agreement.

B. The Plan Administrator shall have the discretionary authority, exercisable either at the time the unvested shares are issued or any time while the Corporation's repurchase rights remain outstanding under the Stock Issuance Program, to provide that those rights shall automatically terminate in whole or in part, and the shares of Common Stock subject to those terminated rights shall immediately vest upon a Corporate Transaction or Change in Control or upon an event or events associated with such transactions.

III. SHARE ESCROW/LEGENDS

Unvested shares may, in the Plan Administrator's discretion, be held in escrow by the Corporation until the Participant's interest in such shares vests or may be issued directly to the Participant with restrictive legends on the certificates evidencing those unvested shares.

ARTICLE FIVE

PERFORMANCE SHARE AND PERFORMANCE UNIT PROGRAM

I. PERFORMANCE UNITS AND PERFORMANCE SHARES

Shares of Common Stock or cash may be issued under the Performance Share or Performance Unit Program through awards of performance shares and performance units, which are awards that will result in a payment to a Participant only if the performance goals or other vesting criteria the established by the Plan Administrator are achieved or the awards otherwise vest. Each award granted hereunder shall be evidenced by an agreement in such form as the Plan Administrator shall determine which complies with the terms specified below. In no event may shares subject to awards under the Stock Issuance and Performance Share or Performance Unit Programs be issued for more than 30% of the sum of (A) the number of shares to be added to the Plan at the 2008 Annual Meeting, (B) the number of shares available to be granted pursuant to awards under the Plan (i.e., reserved but unissued) as of May 23, 2008, and (C) the number of shares subject to outstanding awards as of May 23, 2008 that actually return to the Plan pursuant to Article One, Section V, Clause C. To the extent any shares issued pursuant to awards granted under the Stock Issuance and Performance Share or Performance Unit Programs after May 23, 2008 are forfeited or otherwise return to the Plan, such shares will not count against the foregoing limit and may once again be issued pursuant to awards under the Stock Issuance and Performance Share or Performance Unit Programs as if the original award were never granted.

A. Grant of Performance Units/Shares. The Plan Administrator will have complete discretion in determining the number of performance units and performance shares granted to each Participant provided that during any calendar year, (a) no Participant will receive performance units having an initial value greater than \$2,000,000, and (b) no Participant will receive more than 200,000 performance shares.

B. Value of Performance Units/Shares. Each performance unit will have an initial value that is established by the Plan Administrator on or before the date of grant. Each performance share will have an initial value equal to the Fair Market Value of a share of Common Stock on the date of grant.

C. Performance Objectives and Other Terms. The Plan Administrator will set performance objectives or other vesting provisions (including, without limitation, continued status as an Employee) in its discretion which, depending on the extent to which they are met, will determine the number or value of performance units/shares that will be paid out to the Participant. Each Award of performance units/shares will be evidenced by an agreement that will specify the Performance Period, and such other terms and conditions as the Plan Administrator, in its sole discretion, will determine.

1. General Performance Objectives. The Plan Administrator may set performance objectives based upon the achievement of Company-wide, divisional, or individual goals, or any other basis determined by the Plan Administrator in its discretion.

[Table of Contents](#)

2. **Section 162(m) Performance Objectives.** For purposes of qualifying grants of performance units/shares as “performance-based compensation” under Section 162(m) of the Code, the Plan Administrator, in its discretion, may determine that the performance objectives applicable to performance units/shares will be based on the achievement of Performance Goals. The Plan Administrator will set the Performance Goals on or before the Determination Date. In granting performance units/shares which are intended to qualify under Section 162(m) of the Code, the Plan Administrator will follow any procedures determined by it from time to time to be necessary or appropriate to ensure qualification of the performance units/shares under Section 162(m) of the Code (e.g., in determining the Performance Goals).

D. **Earning of Performance Units/Shares.** After the applicable Performance Period has ended, the holder of performance units/shares will be entitled to receive a payout of the number of performance units/shares earned by the Participant over the Performance Period, to be determined as a function of the extent to which the corresponding performance objectives or other vesting provisions have been achieved. After the grant of a performance unit/share, the Plan Administrator, in its sole discretion, may reduce or waive any performance objectives or other vesting provisions for such performance unit/share.

E. **Form and Timing of Payment of Performance Units/Shares.** Payment of earned performance units/shares will be made as soon as practicable after the expiration of the applicable Performance Period. The Administrator, in its sole discretion, may pay earned performance units/shares in the form of cash, in shares of Common Stock (which have an aggregate Fair Market Value equal to the value of the earned performance units/shares at the close of the applicable Performance Period) or in a combination thereof.

F. **Cancellation of Performance Units/Shares.** On the date set forth in the agreement evidencing the award, all unearned or unvested performance units/shares will be forfeited to the Company, and again will be available for grant under the Plan.

II. CORPORATE TRANSACTION/CHANGE IN CONTROL

A. All performance goals or other vesting criteria will be deemed achieved at target levels and all other terms and conditions met with respect to performance shares and performance units in the event of any Corporate Transaction, except to the extent (i) those awards are assumed or an equivalent option or right substituted by the successor corporation (or parent thereof) in connection with such Corporate Transaction or (ii) such accelerated vesting is precluded by other limitations imposed in the award Agreement.

B. The Plan Administrator shall have the discretionary authority, exercisable either at the time the unvested awards are granted or any time while such awards remain unvested and outstanding under the Performance Share or Performance Unit Program, to provide that those awards shall immediately vest upon a Corporate Transaction or Change in Control or upon an event or events associated with such transactions.

On August 17, 2000, the Board approved the following changes to the Automatic Option Grant Program which became effective when approved by the stockholders at the 2000 Annual Meeting: (i) reduced the number of shares of Common Stock for which option grants are to be made to new non-employee Board members under the Automatic Option Grant Program from 160,000 shares (as adjusted to reflect the two splits of the Common Stock which have occurred since the implementation of the Plan) to 40,000 shares and (ii) reduced the number of shares of Common Stock for which option grants are to be made to continuing non-employee Board members under the Automatic Option Grant Program from 40,000 shares (as adjusted to reflect the two splits of the Common Stock which have occurred since the implementation of the Plan) to 15,000 shares.

On August 9, 2001, the Board approved the following changes to the Automatic Option Grant Program which became effective with stockholder approval at the 2001 Annual Meeting: (i) increase the number of shares of Common Stock for which option grants are to be made to new non-employee Board members under the Automatic Option Grant Program from 40,000 shares to 55,000 shares and (ii) modify the vesting schedule applicable to each such option grants from four (4) successive equal annual installments to the vesting of 25,000 shares after one (1) year of Board service and the balance in three (3) successive equal annual installments thereafter.

On May 16, 2006, the Board approved the following changes to the Automatic Option Grant Program which became effective with stockholder approval at the 2006 Annual Meeting: increase the number of shares of Common Stock for which option grants are to be made to continuing non-employee Board members under the Automatic Option Grant Program from 15,000 shares to 20,000 shares.

On July 13, 2007, the Board approved the following changes to the Automatic Option Grant Program which became effective with stockholder approval at the 2007 Annual Meeting: reduce the term of option grants under the Automatic Option Grant Program from ten (10) years to seven (7) years.

I. OPTION TERMS

A. **Grant Dates.** Option grants shall be made on the dates specified below:

1. Each individual who is first elected or appointed as a non-employee Board member on or after the date of the 2000 Annual Stockholders Meeting and prior to the date of the 2001 Annual Stockholders Meeting shall automatically be granted, on the date of such initial election or appointment, a Non-Statutory Option to purchase 40,000 shares of Common Stock, provided such individual has not previously been in the employ of the Corporation (or any Parent or Subsidiary). Each individual who is first elected or appointed as a

[Table of Contents](#)

non-employee Board member at any time on or after the date of the 2001 Annual Stockholders Meeting shall automatically be granted, on the date of such initial election or appointment, a Non-Statutory Option to purchase 55,000 shares of Common Stock, provided such individual has not previously been in the employ of the Corporation (or any Parent or Subsidiary).

2. On the date of each Annual Stockholders Meeting, beginning with the 2007 Annual Meeting, each individual who is to continue to serve as a non-employee Board member shall automatically be granted a Non-Statutory Option to purchase 20,000 shares of Common Stock, provided such individual has served as a non-employee Board member for at least six (6) months. There shall be no limit on the number of such 20,000-share option grants any one non-employee Board member may receive over his or her period of Board service.

3. Stockholder approval of the 2001 Restatement shall constitute pre-approval of each option grant made under this Automatic Option Grant Program on or after the date of the 2001 Annual Meeting and the subsequent exercise of that option in accordance with the terms and conditions of this Article Three and the stock option agreement evidencing such grant.

4. The Automatic Option Grant Program under this Plan supersedes and replaces the Automatic Option Grant Program previously in effect for the non-employee Board members under the Corporation's 1995 Stock Incentive Plan. That latter program terminated upon stockholder approval of the Plan at the 1999 Annual Stockholders Meeting, and no further option grants shall be made to the non-employee Board members under that program. All options granted to the non-employee Board members on or after the date of the 1999 Annual Stockholders Meeting, whether upon their initial election or appointment to the Board or upon their re-election at one or more of the Corporation's subsequent Annual Stockholder Meetings, shall be effected solely and exclusively in accordance with the terms and provisions of this Article Three, as in effect from time to time.

B. Exercise Price.

1. The exercise price per share shall be equal to one hundred percent (100%) of the Fair Market Value per share of Common Stock on the option grant date.

2. The exercise price shall be payable in one or more of the alternative forms authorized under the Discretionary Option Grant Program. Except to the extent the sale and remittance procedure specified thereunder is utilized, payment of the exercise price for the purchased shares must be made on the Exercise Date.

C. Option Term. Each option shall have a term of seven (7) years measured from the option grant date.

D. Exercise and Vesting of Options. Each option shall be immediately exercisable for any or all of the option shares. However, any shares purchased under the option shall be subject to repurchase by the Corporation, at the exercise price paid per share, upon the Optionee's cessation of Board service prior to vesting in those shares.

[Table of Contents](#)

1. The shares subject to each 40,000-share grant made to a newly elected or appointed non-employee Board member on or after the date of the 2000 Annual Stockholders Meeting and prior to the date of the 2001 Annual Stockholders Meeting shall vest, and the Corporation's repurchase right with respect to those shares shall lapse, in a series of four (4) successive equal annual installments over the Optionee's period of continued service as a Board member, with the first such installment to vest upon the Optionee's completion of one (1) year of Board service measured from the option grant date.

2. The shares subject to each 55,000-share grant made to a newly elected or appointed non-employee Board member on or after the date of the 2001 Annual Stockholders Meeting shall vest, and the Corporation's repurchase right with respect to those shares shall lapse, as follows: (x) 25,000 shares shall vest upon the Optionee's completion of one (1) year of Board service measured from the option grant date, and (y) the balance of the shares shall vest in a series of three (3) successive equal annual installments upon the Optionee's completion of each additional year of Board service over the three (3) year-period measured from the first anniversary of the option grant date.

3. The shares subject to each annual 20,000-share grant shall vest, and the Corporation's repurchase right with respect to those shares shall lapse, upon the Optionee's continuation in Board service through the day immediately preceding the date of the next Annual Stockholders Meeting following the option grant date.

E. **Effect of Termination of Board Service.** The following provisions shall govern the exercise of any options held by the Optionee at the time the Optionee ceases to serve as a Board member:

(i) The Optionee (or, in the event of the Optionee's death, the personal representative of the Optionee's estate or the person or persons to whom the option is transferred pursuant to the Optionee's will or in accordance with the laws of descent and distribution) shall have a twelve (12)-month period following the date of such cessation of Board service in which to exercise each such option.

(ii) During the twelve (12)-month exercise period, the option may not be exercised in the aggregate for more than the number of shares of Common Stock in which the Optionee is vested at the time of his or her cessation of Board service.

(iii) Should the Optionee cease to serve as a Board member by reason of death or Permanent Disability, then all shares at the time subject to the option shall immediately vest so that such option may, during the twelve (12)-month exercise period following such cessation of Board service, be exercised for all or any portion of those shares as fully-vested shares of Common Stock.

[Table of Contents](#)

(iv) In no event shall the option remain exercisable after the expiration of the option term. Upon the expiration of the twelve (12)-month exercise period or (if earlier) upon the expiration of the option term, the option shall terminate and cease to be outstanding for any vested shares for which the option has not been exercised. However, the option shall, immediately upon the Optionee's cessation of Board service for any reason other than death or Permanent Disability, terminate and cease to be outstanding with respect to any and all shares in which the Optionee is not otherwise at that time vested.

II. CORPORATE TRANSACTION/CHANGE IN CONTROL

A. The shares of Common Stock subject to each outstanding option at the time of a Corporate Transaction but not otherwise vested shall automatically vest in full so that each such option shall, immediately prior to the effective date of that Corporate Transaction, become fully exercisable for all of the shares of Common Stock at the time subject to such option and may be exercised for all or any portion of those shares as fully-vested shares of Common Stock. Immediately following the consummation of the Corporate Transaction, each automatic option grant shall terminate and cease to be outstanding, except to the extent assumed by the successor corporation (or parent thereof).

B. The shares of Common Stock subject to each outstanding option at the time of a Change in Control but not otherwise vested shall automatically vest in full so that each such option shall, immediately prior to the effective date of that Change in Control, become fully exercisable for all of the shares of Common Stock at the time subject to such option and may be exercised for all or any portion of those shares as fully-vested shares of Common Stock. Each such option shall remain exercisable for such fully-vested option shares until the expiration or sooner termination of the option term.

C. All repurchase rights of the Corporation outstanding under the Automatic Option Grant Program at the time of a Corporate Transaction or Change in Control shall automatically terminate at that time, and the shares of Common Stock subject to those terminated rights shall immediately vest.

D. Each option which is assumed in connection with a Corporate Transaction shall be appropriately adjusted, immediately after such Corporate Transaction, to apply to the number and class of securities which would have been issuable to the Optionee in consummation of such Corporate Transaction had the option been exercised immediately prior to such Corporate Transaction. Appropriate adjustments shall also be made to the exercise price payable per share under each outstanding option, provided the aggregate exercise price payable for such securities shall remain the same.

E. The grant of options under the Automatic Option Grant Program shall in no way affect the right of the Corporation to adjust, reclassify, reorganize or otherwise change its capital or business structure or to merge, consolidate, dissolve, liquidate or sell or transfer all or any part of its business or assets.

III. REMAINING TERMS

The remaining terms of each option granted under the Automatic Option Grant Program shall be the same as the terms in effect for option grants made under the Discretionary Option Grant Program.

ARTICLE SEVEN
MISCELLANEOUS

I. TAX WITHHOLDING

A. The Corporation's obligation to deliver shares of Common Stock upon the exercise or issuance of awards or vesting of such shares under the Plan shall be subject to the satisfaction of all applicable Federal, state and local income and employment tax withholding requirements.

B. The Plan Administrator may, in its discretion, provide any or all holders of unexercised or unvested awards under the Plan (other than the options granted or the shares issued under the Automatic Option Grant Program) with the right to use shares of Common Stock in satisfaction of all or part of the minimum Withholding Taxes to which such holders become subject in connection with the exercise of their awards or the vesting or disposition of their shares issued pursuant thereto. Such right may be provided to any such holder in either or both of the following formats:

(i) Stock Withholding: The election to have the Corporation withhold, from the shares of Common Stock otherwise issuable upon the exercise of such award, the vesting or issuance of such shares or upon disposition of the shares, a portion of those shares with an aggregate Fair Market Value equal to the percentage of the Withholding Taxes (not to exceed one hundred percent (100%) of the minimum amount required to be withheld) designated by the holder.

(ii) Stock Delivery: The election to deliver to the Corporation, at the time the award is exercised, the shares vest or are otherwise issued or upon disposition of the shares, one or more shares of Common Stock previously acquired by such holder (other than in connection with the exercise of an award or share vesting triggering the Withholding Taxes) with an aggregate Fair Market Value equal to the percentage of the Withholding Taxes (not to exceed one hundred percent (100%) of the minimum amount required to be withheld) designated by the holder.

II. EFFECTIVE DATE AND TERM OF THE PLAN

The Plan became effective on the Plan Effective Date and shall remain in effect until the earliest of (i) August 16, 2019, (ii) the date on which all shares available for issuance under the Plan shall have been issued or (iii) the termination of all outstanding awards in connection with a Corporate Transaction (unless the acquiror assumes the Plan in the transaction). Upon such Plan termination, all outstanding awards and unvested shares issued pursuant to awards shall continue to have force and effect in accordance with the provisions of the documents evidencing such awards.

III. AMENDMENT OF THE PLAN

A. The Board shall have complete and exclusive power and authority to amend or modify the Plan in any or all respects, subject to any stockholder approval which may be required pursuant to applicable laws or regulations; provided, however, that the Board may not, without stockholder approval, (i) increase the number of shares of Common Stock authorized for issuance under the Plan, or (ii) materially increase the benefits offered to participants under the 1999 Plan. No amendment or modification shall adversely affect any rights and obligations with respect to awards at the time outstanding under the Plan unless the Optionee or Participant consents to such amendment or modification.

B. The Plan was amended on August 17, 2000 to increase the number of shares of Common Stock authorized for issuance under the Plan by an additional 15,000,000 shares. The amendment was approved by the stockholders at the 2000 Annual Meeting, and no option grants were made on the basis of the 15,000,000-share increase, until such stockholder approval was obtained.

C. The Plan was amended on August 9, 2001 to: (i) increase the number of shares of Common Stock authorized for issuance under the Plan by an additional 13,400,000 shares, (ii) increase the number of shares of Common Stock for which option grants are to be made to newly elected or appointed non-employee Board members under the Automatic Option Grant Program from 40,000 shares to 55,000 shares and (iii) modify the vesting schedule applicable to such option grants from four (4) successive equal annual installments to the vesting of 25,000 shares after one (1) year of Board service and the balance in three (3) successive equal annual installments. The Participant shall execute a stock purchase agreement embodying such terms and such other provisions (not inconsistent with the Plan) as the Plan Administrator may deem advisable.

Under no circumstances shall purchase rights be granted under the Plan to any Eligible Employee if such individual would, immediately after the grant, own (within the meaning of Code Section 424(d)) or hold outstanding options or other rights to purchase, stock possessing five percent (5%) or more of the total combined voting power or value of all classes of stock of the Corporation or any Corporate Affiliate.

B. **Exercise of the Purchase Right.** Each purchase right shall be automatically exercised in installments on each successive Purchase Date within the offering period, and shares of Common Stock shall accordingly be purchased on behalf of each Participant on each such Purchase Date. The purchase shall be affected by applying the Participant's payroll deductions for the Purchase Interval ending on such Purchase Date to the purchase of whole shares of Common Stock at the purchase price in effect for the Participant for that Purchase Date.

C. **Purchase Price.** The purchase price per share at which Common Stock will be purchased on the Participant's behalf on each Purchase Date within the particular offering period in which he or she is enrolled shall be equal to eighty-five percent (85%) of the lower of (i) the Fair Market Value per share of Common Stock on the start date of that offering period or (ii) the Fair Market Value per share of Common Stock on that Purchase Date.

E. Excess Payroll Deductions. Any payroll deductions not applied to the purchase of shares of Common Stock on any Purchase Date because they are not sufficient to purchase a whole share of Common Stock shall be held for the purchase of Common Stock on the next Purchase Date. However, any payroll deductions not applied to the purchase of Common Stock by reason of the limitation on the maximum number of shares purchasable per Participant or in total by all Participants on the Purchase Date shall be promptly refunded.

F. Suspension of Payroll Deductions. In the event that a Participant is, by reason of the accrual limitations in Article VIII, precluded from purchasing additional shares of Common Stock on one or more Purchase Dates during the offering period in which he or she is enrolled, then no further payroll deductions shall be collected from such Participant with respect to those Purchase Dates. The suspension of such deductions shall not terminate the Participant's purchase right for the offering period in which he or she is enrolled, and payroll deductions shall automatically resume on behalf of such Participant once he or she is again able to purchase shares during that offering period in compliance with the accrual limitations of Article VIII.

G. Withdrawal from Offering Period. The following provisions shall govern the Participant's withdrawal from an offering period under the Plan:

(i) A Participant may withdraw from the offering period in which he or she is enrolled by filing the appropriate form with the Plan Administrator (or its designate) at any time prior to the next scheduled Purchase Date in the offering period, and no further payroll deductions shall be collected from the Participant with respect to that offering period. Any payroll deductions collected during the Purchase Interval in which such withdrawal occurs shall, at the Participant's election, be immediately refunded or held for the purchase of shares on the next Purchase Date. If no such election is made at the time the Participant withdraws from the offering period, then the payroll deductions collected with respect to the Purchase Interval in which such withdrawal occurs shall be refunded as soon as possible.

(ii) The Participant's withdrawal from the offering period shall be irrevocable, and the Participant may not subsequently rejoin that offering period. In order to resume participation in any subsequent offering period, such individual must re-enroll in the Plan (by making a timely filing of the prescribed enrollment forms) on or before the start date of that offering period.

H. Termination of Eligible Employee Status. Should the Participant cease to remain an Eligible Employee for any reason (including death, disability or change in status) while his or her purchase right remains outstanding, then that purchase right shall immediately terminate, and all of the Participant's payroll deductions for the Purchase Interval in which the purchase right so terminates shall be immediately refunded. However, should the Participant cease to remain in active service by reason of an approved unpaid leave of absence, then the Participant shall have the right, exercisable up until the last business day of the Purchase Interval in which such leave commences, to (a) withdraw all the payroll deductions collected to date on his or her behalf for that Purchase Interval or (b) have such funds held for the purchase of shares on his or her behalf on the next scheduled Purchase Date. In no event, however, shall any further payroll deductions be collected on the Participant's behalf during such leave. Upon the Participant's return to active service (i) within three (3) months following the commencement of such leave or (ii) prior to the expiration of any longer period for which such Participant's right to reemployment with the Corporation is guaranteed by either statute or contract, his or her payroll deductions under the Plan shall automatically resume at the rate in effect at the time the leave began, unless the Participant withdraws from the Plan prior to his or her return. An individual who returns to active employment following a leave of absence which exceeds in duration the applicable time period shall be treated

[Table of Contents](#)

as a new Employee for purposes of subsequent participation in the Plan and must accordingly re-enroll in the Plan (by making a timely filing of the prescribed enrollment forms) on or before the start date of any offering period in which he or she wishes to participate.

I. Change in Control. Each outstanding purchase right shall automatically be exercised, immediately prior to the effective date of any Change in Control, by applying the payroll deductions of each Participant for the Purchase Interval in which such Change in Control occurs to the purchase of whole shares of Common Stock at a purchase price per share equal to eighty-five percent (85%) of the lower of (i) the Fair Market Value per share of Common Stock on the start date of the offering period in which the Participant is enrolled at the time of such Change in Control or (ii) the Fair Market Value per share of Common Stock immediately prior to the effective date of such Change in Control. However, the applicable limitation on the number of shares of Common Stock purchasable per Participant shall continue to apply to any such purchase, but not the limitation applicable to the maximum number of shares of Common Stock purchasable in total by all Participants on any one Purchase Date.

The Corporation shall use its best efforts to provide at least ten (10) days prior written notice of the occurrence of any Change in Control, and Participants shall, following the receipt of such notice, have the right to terminate their outstanding purchase rights prior to the effective date of the Change in Control.

J. Proration of Purchase Rights. Should the total number of shares of Common Stock to be purchased pursuant to outstanding purchase rights on any particular date exceed either (i) the maximum limitation on the number of shares purchasable in total by all Participants on such date or (ii) the number of shares then available for issuance under the Plan, the Plan Administrator shall make a pro-rata allocation of the available shares on a uniform and nondiscriminatory basis, and the payroll deductions of each Participant, to the extent in excess of the aggregate purchase price payable for the Common Stock pro-rated to such individual, shall be refunded.

K. Assignability. The purchase right shall be exercisable only by the Participant and shall not be assignable or transferable by the Participant.

L. Shareholder Rights. A Participant shall have no shareholder rights with respect to the shares subject to his or her outstanding purchase right until the shares are purchased on the Participant's behalf in accordance with the provisions of the Plan and the Participant has become a holder of record of the purchased shares.

VIII. ACCRUAL LIMITATIONS

A. No Participant shall be entitled to accrue rights to acquire Common Stock pursuant to any purchase right outstanding under this Plan if and to the extent such accrual, when aggregated with (i) rights to purchase Common Stock accrued under any other purchase right granted under this Plan and (ii) similar rights accrued under other employee stock purchase plans (within the meaning of Code Section 423) of the Corporation or any Corporate Affiliate, would otherwise permit such Participant to purchase more than Twenty-Five Thousand Dollars (\$25,000) worth of stock of the Corporation or any Corporate Affiliate (determined on the basis of the Fair Market Value per share on the date or dates such rights are granted) for each calendar year such rights are at any time outstanding.

B. For purposes of applying such accrual limitations to the purchase rights granted under the Plan, the following provisions shall be in effect:

(i) The right to acquire Common Stock under each outstanding purchase right shall accrue in a series of installments on each successive Purchase Date during the offering period in which such right remains outstanding.

(ii) No right to acquire Common Stock under any outstanding purchase right shall accrue to the extent the Participant has already accrued in the same calendar year the right to acquire Common Stock under one (1) or more other purchase rights at a rate equal to Twenty-Five Thousand Dollars (\$25,000) worth of Common Stock (determined on the basis of the Fair Market Value per share on the date or dates of grant)

[Table of Contents](#)

for each calendar year such rights were at any time outstanding.

C. If by reason of such accrual limitations, any purchase right of a Participant does not accrue for a particular Purchase Interval, then the payroll deductions which the Participant made during that Purchase Interval with respect to such purchase right shall be promptly refunded.

D. In the event there is any conflict between the provisions of this Article and one or more provisions of the Plan or any instrument issued thereunder, the provisions of this Article shall be controlling.
