Item 2.02 Results of Operations and Financial Condition

On May 20, 2009, NetApp, Inc. (the “**Company**”) issued a press release announcing its earnings for the fourth quarter and fiscal year ended April 24, 2009. The press release is furnished as Exhibit 99.1 to this Current Report on Form 8-K. The information set forth on Exhibit 99.1 shall not be deemed to be “filed” for the purposes of Section 18 of the Securities Exchange Act of 1934, as amended (the “**Exchange Act**”), or otherwise subject to the liabilities of that Section, nor shall it be deemed incorporated by reference into any filing under the Securities Act of 1933, as amended (the “**Securities Act**”), or the Exchange Act, except as shall be expressly set forth by specific reference in such a filing.

The Company’s Condensed Consolidated Statements of Income for the fourth quarter and fiscal year ended April 24, 2009, Condensed Consolidated Balance Sheets as of April 24, 2009, and Condensed Consolidated Statements of Cash Flow for the fourth quarter and fiscal year ended April 24, 2009, which are contained in the press release in Exhibit 99.1 and are attached as Exhibit 99.2, are filed herewith for purposes of Section 18 of the Exchange Act and therefore may be incorporated by reference into filings under the Securities Act and the Exchange Act.

Item 8.01 Other Information

The disclosure in Item 2.02 of this Current Report on Form 8-K is incorporated hereby by reference.

Item 9.01 Financial Statements and Exhibits

(d) Exhibits.

The following exhibits are being filed or furnished herewith:

**NETAPP ANNOUNCES RESULTS FOR FOURTH
QUARTER AND FISCAL YEAR 2009**

SUNNYVALE, Calif. – May 20, 2009 — NetApp (NASDAQ: NTAP) today reported results for the fourth fiscal quarter and fiscal year 2009. Revenues for the fourth fiscal quarter of 2009 totaled \$880 million compared to revenues of \$938 million for the same period a year ago.

For the fourth fiscal quarter, GAAP net income was \$75 million, or \$0.23 per share¹ compared to GAAP net income of \$90 million, or \$0.26 per share for the same period in the prior year. Non-GAAP² net income for the fourth fiscal quarter was \$103 million, or \$0.31 per share, compared to non-GAAP net income of \$131 million, or \$0.38 per share for the same period a year ago.

For fiscal year 2009, GAAP revenues totaled \$3.4 billion, an increase of 3% compared to GAAP revenues of \$3.3 billion for fiscal year 2008. Non-GAAP revenues for fiscal year 2009, excluding the impact of the \$129 million GSA settlement, were \$3.5 billion. For fiscal year 2009, GAAP net income was \$87 million, or \$0.26 per share, compared to GAAP net income of \$310 million, or \$0.86 per share for fiscal year 2008. Non-GAAP net income for fiscal year 2009 was \$364 million, or \$1.09 per share, compared to non-GAAP net income of \$455 million, or \$1.26 per share for fiscal year 2008.

“The NetApp team performed admirably to close a challenging fiscal year 2009,” said Dan Warmenhoven, chairman and CEO. “With revenues up and expenses well contained, NetApp has delivered three consecutive quarters of increasing operating margins. Storage efficiency and storage for virtual server environments continue to be the primary demand drivers during this difficult economic period. Customers are increasingly turning to NetApp for help solving their storage and data management challenges in the face of shrinking budgets.”

Outlook

Given the reduced visibility caused by the recent changes in the macroeconomic environment, NetApp will not be providing revenue guidance for the first quarter of fiscal year 2010.

- NetApp estimates non-GAAP gross margins for the first quarter of fiscal year 2010 to be around 61%.
- NetApp estimates non-GAAP operating expenses for the first quarter of fiscal year 2010 to increase by about \$10 million to \$15 million from the \$426 million reported in the fourth quarter of fiscal year 2009.
- NetApp estimates non-GAAP operating expense levels for the second and third quarters of fiscal year 2010 to average approximately \$405 to \$410 million.

Quarterly Highlights

In the fourth quarter of fiscal year 2009, NetApp introduced several new solutions to help customers transform their data center architectures through greater storage efficiency, greater power and space savings, and innovative data management techniques. The company also received industry recognition for its market leadership, product performance, and channel success.

This quarter, NetApp and Cisco announced that they are teaming up to provide customers with unified, dynamic data center solutions that are based on the Cisco Unified Computing System and NetApp® unified storage architecture.

NetApp announced new storage and data management advances for VMware® View™ to help customers deploy and operate virtual desktop environments faster and more efficiently, including NetApp's new Rapid Cloning Utility 2.0, which simplifies the way administrators clone VMware virtual machines and datastores. NetApp also announced the integration and certification of its storage platforms with VMware vSphere™ 4, which provides a path to virtualized data centers and cloud computing.

During the quarter, NetApp extended its virtualization guarantee to include EMC, IBM, HP, and HDS storage systems by offering a guarantee³ that customers will decrease their non-NetApp primary storage capacity for virtual server environments by 35% using NetApp V-Series

and deduplication technology. NetApp deduplication has been delivered to more than 5,000 customers worldwide, comprising more than 30,000 systems containing 385PB of storage capacity.

NetApp unveiled V-Series support for Texas Memory Systems' RamSan-500 solid-state disk (SSD) array. NetApp V-Series and Texas Memory Systems combine the full benefits of the NetApp Data ONTAP® operating system with SSD storage to improve application performance and offer advanced features such as thin provisioning, Snapshot™ copies, and deduplication to improve storage efficiency and management.

Also this quarter, NetApp introduced new functionalities for NetApp MetroCluster that offer customers continuous data availability in virtualized environments, the ability to perform nondisruptive software and hardware upgrades, and integration with NetApp deduplication technology for enhanced storage efficiency.

During the quarter, NetApp received the following third party recognitions:

- “Magic Quadrant for Midrange and High-End NAS Solutions⁴” – Gartner, Inc. positioned NetApp in the Leaders quadrant for Midrange and High-End NAS Solutions.
 - *Network World's* 2009 Best of the Tests Awards – Citing consistently higher performance, a mix of NAS and SAN features, high availability, and NetApp Snapshot™ capabilities, *Network World's* Lab Alliance members named the FAS2050 the best of the 12 systems they tested during year-long trials.
 - 2009 *Everything Channel* Five-Star Partner Program Guide Certification – NetApp was recognized as one of North America's top information technology (IT) vendors for its VIP Partner Program and US Public Sector VIP Partner Program.
 - 2009 *CRN* Channel Champion – NetApp was named a 2009 *CRN* Channel Champion in the category of Network Storage.
 - 2009 Channel Chiefs by the *Everything Channel's CRN* – NetApp executives Julie Parrish, vice president of Worldwide Channel Sales, and Todd Palmer, vice president of Americas Channel Sales, were named 2009 Channel Chiefs by the *Everything Channel's CRN*.
-

- Best Workplaces in France – NetApp ranked number 14 on a list of the Best Workplaces in France published by *Réussir/L'EXPRESS*, based on a survey by the Great Place to Work® Institute France.

Webcast and Conference Call Information

The NetApp quarterly results conference call will be broadcast live on the Internet at <http://investors.netapp.com> on Wednesday, May 20, 2009, at 2:00 p.m. Pacific Time. This press release and any other information related to the call will also be posted on the Web site at that location. The conference call will also be available live in a listen-only format at (800) 638-4930 in the United States and (617) 614-3944 outside the United States. The pass code for both numbers is 57400475. A replay will be available for 72 hours following the completion of the live call by dialing (888) 286-8010 in the United States and (617) 801-6888 outside the United States, using replay code 92143343. The Webcast replay will be posted on our Web site for at least one year.

About NetApp

NetApp creates innovative storage and data management solutions that accelerate business breakthroughs and deliver outstanding cost efficiency. Discover NetApp's passion for helping companies around the world go further, faster at www.netapp.com.

“Safe Harbor” Statement Under U.S. Private Securities Litigation Reform Act of 1995

This press release contains forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. These statements include all of the statements under the Outlook section relating to our forecasted operating results and metrics for the first quarter of fiscal year 2010 and the benefits that we expect our customers to realize from using our products. These forward-looking statements involve risks and uncertainties, and actual results could vary. Important factors that could cause actual results to differ materially from those in the forward-looking statements include the material and adverse global economic and market conditions that currently exist and that are expected to persist throughout calendar 2009; our ability to build

nondeferred backlog to levels consistent with our past results and to increase our revenue over the next several quarters; risks associated with the anticipated growth in network storage and content delivery markets; our ability to deliver new product architectures and enterprise service offerings; competition risks, including our ability to design products and services that compete effectively from a price and performance perspective; risks with new product introductions; our reliance on a limited number of suppliers; our ability to accurately forecast demand for our products and successfully manage our relationships with our contract manufacturers; our ability to expand our direct sales operations and reseller distribution channels; our ability to develop, maintain, and strengthen our relationships and product offerings with strategic partners; risks associated with international operations; our ability to successfully acquire and integrate complementary businesses and technologies, including our ability to consummate our acquisition of Data Domain and integrate its operations into ours; foreign currency exchange rate fluctuations; and other important factors as described in NetApp reports and documents filed from time to time with the Securities and Exchange Commission (SEC), including the factors described under the sections captioned “Risk Factors” in our most recently submitted 10-K and 10-Q. We disclaim any obligation to update information contained in these forward-looking statements whether as a result of new information, future events, or otherwise.

-
- 1 Earnings per share is calculated using the diluted number of shares for all periods presented.
 - 2 Non-GAAP results of operations exclude the GSA settlement, amortization of intangible assets, stock-based compensation expenses, asset impairment, acquisition related costs, prior acquisition related costs, restructuring and other charges, net gain or loss on investments, and the related effects on income taxes, as well as certain discrete GAAP tax provision items and the tax effect on sale of investments.
 - 3 This guarantee and related program are limited to the terms set forth in www.netapp.com/guarantee applicable only to prospective orders placed after the program effective date and are dependent upon your compliance with the terms and conditions set forth in this document and any of the instruction sets and specifications set forth in the referenced documents. NetApp’s sole and exclusive liability and your sole and exclusive remedy associated with the terms of this guarantee and related program is the provision by NetApp of the additional storage capacity as set forth in this guarantee and related Program.
 - 4 Gartner “Magic Quadrant for Midrange and High-End NAS Solutions” by Pushan Rinnen, Robert E. Passmore, and Roger W. Cox, March 2, 2009.

NetApp Usage of Non-GAAP Financials

The Company refers to the non-GAAP financial measures cited above in making operating decisions because they provide meaningful supplemental information regarding the Company's operational performance. Non-GAAP revenues exclude the GSA settlement. Non-GAAP results of operations exclude the GSA settlement, amortization of intangible assets, stock-based compensation expenses, asset impairment, acquisition related costs, prior acquisition related costs, restructuring and other charges, net gain or loss on investments, and the related effects on income taxes, as well as certain discrete GAAP tax provision items and the tax effect on sale of investments. We have excluded these items in order to enhance investors' understanding of our ongoing operations. The use of these non-GAAP financial measures has material limitations because they should not be used to evaluate our company without reference to their corresponding GAAP financial measures. As such, we compensate for these material limitations by using these non-GAAP financial measures in conjunction with GAAP financial measures.

These non-GAAP financial measures facilitate management's internal comparisons to the Company's historical operating results and comparisons to competitors' operating results. We include these non-GAAP financial measures in our earnings announcement because we believe they are useful to investors in allowing for greater transparency with respect to supplemental information used by management in its financial and operational decision making, such as employee compensation planning. In addition, we have historically reported similar non-GAAP financial measures to our investors and believe that the inclusion of comparative numbers provides consistency in our financial reporting at this time.

NetApp Use of Corporate Web Site

In accordance with SEC guidance published on August 22, 2008 (*Release No. 34-58288*), NetApp will begin to disseminate material information about the company through its corporate Web site within the next several fiscal quarters. NetApp intends to designate a separate portion of its corporate Web site for purposes of these disclosures and will include a prominent link on its Web site to allow visitors to locate this material information, which will be routinely updated. The Web site will supplement, rather than replace, NetApp's current existing channels of information distribution.

Additional Information and Where to Find It

NetApp plans to file with the SEC a Registration Statement on Form S-4 in connection with the transaction and Data Domain plans to file with the SEC and mail to its stockholders a Proxy Statement/Prospectus in connection with the transaction. The Registration Statement and the Proxy Statement/Prospectus will contain important information about NetApp, Data Domain, the

transaction and related matters. Investors and security holders are urged to read the Registration Statement and the Proxy Statement/Prospectus carefully when they are available. Investors and security holders will be able to obtain free copies of the Registration Statement and the Proxy Statement/Prospectus and other documents filed with the SEC by NetApp and Data Domain through the web site maintained by the SEC at www.sec.gov and by contacting NetApp Investor Relations at (408) 822-7098 or Data Domain Investor Relations at (408) 980-4909. In addition, investors and security holders will be able to obtain free copies of the documents filed with the SEC on NetApp's website at www.NetApp.com and on Data Domain's website at www.datadomain.com.

Participants in the Acquisition of Data Domain

NetApp, Data Domain and their respective directors, executive officers and certain other members of management and employees may be deemed to be participants in the solicitation of proxies in respect of the proposed transaction. Information regarding these persons who may, under the rules of the SEC, be considered participants in the solicitation of Data Domain stockholders in connection with the proposed transaction will be set forth in the Proxy Statement/Prospectus described above when it is filed with the SEC. Additional information regarding NetApp's executive officers and directors is included in NetApp's definitive proxy statement, which was filed with the SEC on July 14, 2008, and additional information regarding Data Domain's executive officers and directors is included in Data Domain's Annual Report on Form 10-K/A for fiscal year ended December 31, 2008, which was filed with the SEC on April 30, 2009. You can obtain free copies of these documents from NetApp or Data Domain using the contact information above.
